Sofia Reports Greek Troops Have Invaded Bulgaria

VILLAGE OF PETRICH SAID TO HAVE BEEN SHELLED BY GREEKS AND BULGARS KILLED

No Declaration of War Received by Sofia Government, But Five Bulgarian Sentinels Reported Killed in Border Clash; Action by Bulgaria to Have League of Nations Give Protection Under Article Ten Reported.

Sofia, Oct. 22.—It is officially reported Greek troops have invaded Bulgarian territory. No declaration of war, however, has been received from the Athens Government.

The Bulgarian Government has been unable to get in touch with the Greek Government for the last three days, although three urgent messages have been sent to Athens, urging a joint investigation of the border incident at Demirhisar.

The Spanish Minister, Senor Romero, who returned from Saloniki this morning, informed the Associated Press the Greek general staff was in a high state of excitement.

Sofia, Bulgaria, Oct. 22, 11 a.m.—The Bulgarian Telegraphic Agency declares Greek artillery

KING'S WITNESS TO TAKE STAND AT MURDER TRIAL

Paul Carl Stromkins Will Testify in Morris Hearing To-day

Witness Says Morris Was in Denman's Dinghy Which is Produced

Paul Carl Stromkins, who turned King's evidence in the Gillis murder hearing, will take the stand this afternoon for the prosecution in the trial of Charles Morris for the murder of Capt. W. J. Gillis of the Beryl G.

Stromkins was one of the few witnesses called before the Grand Jury and will be used by the prosecution as the conveyor of the main story of the alleged piracy of the Beryl G. in which the prosecution says Capt. Gillis was killed.

The twenty-first witness in the hearing finished on the stand just before luncheon recess came and the court rose at 12.30 p.m. after the recall of three witnesses already heard, tendered for cross examination.

The feature of the evidence to-day was the production of a dinghy which witnesses say was the one used by Stromkins when he is said to have rowed Baker and Morris away from the fleet at Cadboro Bay on the night of September 15, 1924.

This shift, testified Samuel Robert Harrop, steward at the Royal Victoria Yacht Club, was one he sold to Stromkins three months before that date. The boat was produced in court and identified by Harrop as the one in which he had seen Morris and Baker leave with Stromkins on the night in question.

Harrop testified Morris positively as the man he saw on three occasions, twice with Baker, at Cadboro Bay. When the party left on the night of September 15, one of the men carried a black bag, said Harrop.

Charles R. Smith told of being employed by Baker to run liquor down across the border, Baker stating that he had 500 cases to move said witness.

Thorsten Paulson, a farm hand at (Concluded on page 2)

ATTEMPT AT SUICIDE

Oshawa, Oct. 22.—After slashing his throat with a knife because he was "tired of living and wanted to die," Robert Bennett of Dorchester yesterday changed his mind and rushed in a taxi to the police station. He is in a serious condition in a hospital.

ARCHBISHOP IS BARRED FROM LIVERPOOL HALL

Liverpool, Oct. 22 (Canadian Press Cable).—The Liverpool City Council has refused the use of St. George's Hall for a meeting to be addressed by Archbishop Daniel J. Mannix of Melbourne, Australia, on Sunday, November 1.

The Government of Northern Ireland recently refused to allow Archbishop Mannix to enter Ulster territory because of his advocacy of a republican form of government for Ireland.

LEADS GREEKS IN BULGARIAN CRISIS; PREMIER PANGALOS

BAKER WILL FIGHT TO CHEAT GALLOWS

Counsel Files Application to Canada Supreme Court For New Trial

Owen Baker's appeal for a new trial on the murder charge of Captain William Gillis of the launch Beryl G. for which he now lies under sentence of death will be carried to the Supreme Court of Canada, R. C. Lowe, his counsel, stated definitely this morning. Formal notice of appeal was filed yesterday on general grounds outlining the points which were before the Court of Appeal of British Columbia, and in which a new trial was refused.

The appeal automatically postpones the death sentence, which was to have been carried out within the next fourteen days.

BLOCKHOUSE OCCUPIED

Ghevea, Oct. 22.—Officials of the League of Nations said that on 3 o'clock to-day no protest in connection with the Greek-Bulgarian trouble had been received from Bulgaria and no appeal based on Article 19 of the League covenant made.

Advices received in Greek circles connected with the League of Nations said that on 3 o'clock to-day no protest in connection with the Greek-Bulgarian trouble had been received from Bulgaria and no appeal based on Article 19 of the League covenant made.

Article 19 of the League covenant binds the members to "respect and preserve as against external aggression the territorial integrity and existing political independence of all members of the League."

It provides that in case of such aggression, the League Council "shall advise upon the means by which this obligation shall be fulfilled."

Both Greece and Bulgaria are members of the League. (Concluded on page 2)

CHICAGO WAS SCENE OF DARING ROBBERY

Gang of Thugs Took Package From Federal Reserve Bank Messengers

Chicago, Oct. 22.—In a daring hold-up in Chicago's financial district early to-day, three Federal Reserve Bank messengers were robbed of an express package and two small sacks of registered mail by three men, who escaped with others in an automobile.

The robbery took place during a squallstorm of almost blizzard proportions.

James B. McDougall, governor of the bank, said it was impossible to identify the nature of the shipment because of the extent of the loss, pending checks.

The messengers were returning to the bank with the pouches in a hand cart when they were stopped by two blocks from the bank, which is in the heart of the LaSalle district.

HAD PISTOLS AND GUN

Threatening them with pistols and a sawed-off shotgun, the robbers compelled the bank employees to hold up their hands while they tossed the sacks into one of the waiting cars and took the express package. They dashed back into the autos and sped away.

George Kasmolm, a taxi driver, half a block away, saw the robbery and notified the police. Hundreds of detectives, armed with riot guns, searched until dawn for the two cars.

NEW DECLARATION ON CAR SMASH AS BOAK LEAVES CITY

Girl Tells of Unknown Driver Running Down Two Men on Quadra Street

Sped on After Crash and Pledged Her to Silence, She Says

Although the application for a new trial is still before the Minister of Justice failure of habeas corpus proceedings before Mr. Chief Justice Hunter in Chambers yesterday brought an end to the liberty of Dr. Eric W. Boak, facing sentence of four years for manslaughter arising out of the automobile fatality on the East Saanich Road fifteen months ago.

The Times is informed that a statutory declaration by a Victoria girl who claims to have been in the car which ran over and killed two men on Quadra Street last year had been submitted by counsel for Dr. E. W. Boak to the Ottawa Justice Department to prove that the Victoria physician did not cause the accident for which he has been sentenced to four years.

The girl claims to have been driving on Quadra Street on the night of the accident with a man whose name she does not know. About dusk, she says, the car crashed into the figures of two men and the driver sped on without halting. She did not reveal these facts before, she declares, because she promised her companion to keep silent about them. She does not know the name of the driver with whom she was driving.

TWO WOUNDED SHIP MEN ARE NEAR DEATH

Ss. Melita Engineers Lying in Antwerp; T. Towers Accused of Killing Captain

Antwerp, Belgium, Oct. 22.—David K. Gilmore, assistant chief engineer of the Canadian Pacific liner Melita, underwent an operation to-day for removal of the bullet which lodged behind his ear when he went to the aid of Second Engineer John Holliday during the shooting affray on the liner yesterday in which Capt. A. H. Clews was killed.

The bullet was removed, but Gilmore is in a critical condition. Holliday is also reported near death.

The Melita left for Montreal by way of Southampton, where the body of Capt. Clews was recovered.

TOWERS UNDER ARREST

Thomas Towers, first officer, who was arrested after the shooting, will be handed over to the British authorities at Southampton.

Capt. Clews was killed in his cabin as he slept.

Towers is said to have told the police he shot Capt. Clews because (Concluded on page 2)

ITALIAN DEBT GROUP IS TRAVELING TO U.S.

Rome, Oct. 22.—Members of the Italian war debt committee departed to-day for Washington, where they will attempt to negotiate a settlement of what Italy owes to the United States.

SPITZBERGEN HEN BECOMES FAMOUS

First Barnyard Fowl to Lay Egg on That Far Northern Island

Barentsburg, Green Harbor, Spitzbergen, Oct. 22.—Spitzbergen is paying due honor to its first locally laid hen's egg. Eggs, as eggs, are not scarce here, for those of the elder duck and tern may be picked up by thousands in the summer time. But the product of the ordinary barnyard fowl heretofore has been unknown.

The egg was laid in the henery of Director Dresselby of the Dutch Coal Company, who is making an attempt to acclimatize chickens. His henery, owing to the bitterness of the weather, is heated. It has to be darkened during the night and artificial sunlight has to be provided. Thus the hens are being made to feel at home at the seventy-eighth degree of Northern latitude.

CANADA IS GIVEN INCREASED SPACE IN BRITISH PAPERS

London, Oct. 22 (Canadian Press Cable).—More interest than usual is being shown in Canada by the British newspapers, not only in connection with the Federal general election, but also in connection with Canadian tour of a number of representatives of leading newspapers in the United Kingdom.

The past week newspaper readers here have had less reason than formerly to be ignorant of Canadian affairs as long dispatches from the touring correspondents have been touched on many aspects of life in Canada and have gained as to the strength of the Empire.

The London morning newspapers in the last three days have carried lengthy reports of the Canadian political campaign, and to-day the papers signalized nomination day by editorials on the election.

The Morning Post says it is for Canada, as she values the Empire Union, to develop her trade West to East rather than from North to South, and also to encourage immigration. The Post asserts the obstacles in the way of launching a comprehensive scheme of migration is to be found not in Great Britain, but in the Dominion.

RECIPROCAL TRADE TREATY INCREASES B.C. EXPORT TRADE

Province Profits From MacKenzie King Government's Bargain With Australia

Since the reciprocal trade agreement between Canada and Australia became effective the trade between the two British Dominions has been on the increase. Shipping authorities are convinced that the day of closer commercial relations between Canada and the Commonwealth is at hand.

A specially chartered freighter, the Luciston, is now loading a cargo of 3,000 tons of Canadian freight for delivery in Australia.

The Luciston is one of the Canadian-Australian fleet.

The regular liners of the Canadian-Australasian Line, including the Niagara and the Aorangi, have been carrying increasing shipments of manufactured goods, window shades and roofing materials to New Zealand and Australia.

NIAGARA LOADS CARGO

Just before noon to-day the liner Niagara left Port-Town for Auckland and Sydney after taking aboard here a large consignment of goods forwarded by the Lemon Gonnason mills.

The great part of the ship's cargo consisted of British Columbia freight including general merchandise, box shooks, canned salmon, paper and lumber. Not a little of this freight was loaded at this port from Vancouver Island.

EXPECT INCREASE

The Canadian-Australasian Line offices in Vancouver state that the Niagara's cargo is heavy, and that a large part of the Luciston's freight will consist of British Columbia products.

Russell's feathered hat, seen through brush near the family ranch, twenty-five miles west of Cloverdale, Mendocino County, caused a party of quail-hunting hunters to open fire. The charge scattered at long range, but some of the shot entered his head. Weak from loss of blood, Russell made his way back to the farmhouse where some of the leaden pellets were extracted. Others still remained in his forehead when he returned to San Francisco yesterday.

The identity of the hunters, who fled at Russell's cry of pain, is unknown.

WHISKY PLANT IN ONTARIO WAS SEIZED BY THE POLICE

Queensville, Ont., Oct. 22.—Two stills and a large quantity of mash were seized in the Holland marsh, between the Holland Marsh and 340 gallons of mash were confiscated.

HUNTER OF BIRDS SHOT MAN IN HEAD

In California Grandson of Gertrude Atherton, Author, Was Wounded

San Francisco, Oct. 22.—Wearing an Alpine hat with a feather in it almost cost the life of George S. Russell, a young San Francisco clubman and grandson of Gertrude Atherton, the author.

Russell's feathered hat, seen through brush near the family ranch, twenty-five miles west of Cloverdale, Mendocino County, caused a party of quail-hunting hunters to open fire. The charge scattered at long range, but some of the shot entered his head. Weak from loss of blood, Russell made his way back to the farmhouse where some of the leaden pellets were extracted. Others still remained in his forehead when he returned to San Francisco yesterday.

The identity of the hunters, who fled at Russell's cry of pain, is unknown.

COUNTLESS KAROLYI IS BARRED FROM U.S.

Washington, Oct. 22.—Countess Karolyi, wife of Count Michael Karolyi, former President of the Hungarian Republic, has been denied permission to visit the United States on a lecture tour.

MARITIME CANDIDATES OFFICIALLY NOMINATED

Halifax, Oct. 22.—Nominations day proceedings throughout the provinces of Prince Edward Island, Nova Scotia and New Brunswick were conducted to-day under ideal weather conditions. In all sixty candidates were nominated for the eighty-two seats at issue. Of these, fifty-nine were the choice of party conventions, twenty-nine having been endorsed by the Liberals, twenty-nine by the Conservatives and one Laborite. In Northumberland, N.B., James Robinson announced his candidature as an Independent Conservative.

BLACKMAILERS IN CHICAGO BUSY

Chicago, Oct. 22.—Blackmailers, preying on bootleggers, gamblers and others who, like themselves, have defied the law, have exacted a tribute of upward of \$1,000,000 from wealthy Chicagoans in the last few months. The Chicago Herald and Examiner says.

While the paper is reluctant to reveal the extent of the blackmailers' operations, it says some of their victims have been indicted to such an extent that they have taken their troubles to federal agents, and as a result of a federal investigation arrests in large numbers are anticipated.

ADVISES THE TURKS TO GIVE UP WINE; WILLIAM E. JOHNSON

Constantinople, Oct. 22.—William E. (Dusseyfoot) Johnson has arrived here to confer with the Turkish prohibition leaders and to attend the convention of the Green Crescent, Turkey's anti-alcohol organization. Mr. Johnson said the membership of the Green Crescent had doubled in a year. He will remain three weeks in Constantinople, lecturing on the subject of prohibition in the United States.

CRUDE TACTICS CAUSE REACTION AGAINST TORIES

Organized Attempt to Interrupt Liberal Rally Damages Dr. Tolmie's Cause

Victoria Conservatives have damaged their cause in Victoria seriously by their carefully-organized attempt to interrupt the big Liberal rally in the Royal Victoria Theatre Tuesday night, Liberal leaders here declared to-day. The crude tactics of workers supporting Hon. S. F. Tolmie, it was asserted, had caused a big reaction against the Conservative candidate and disgusted hundreds of voters.

That the well-planned heckling at the Liberal rally was organized by Conservative workers well in advance and carried out according to schedule was the charge made at Liberal headquarters to-day. Liberal organizers, it was stated, had been informed definitely on Tuesday afternoon that arrangements for turning the Liberal meeting into pandemonium had been completed by Conservative managers. A prominent Victoria businessman, who overheard Conservative workers planning for the attempt to halt Liberal speakers, came to Liberal leaders Tuesday, and revealed these preparations to them.

The net result of the big rally, Liberals believe, was to boost the stock of William McK. Ivel, Liberal candidate, more than any other development in the campaign.

Mr. Ivel will continue his campaign with a meeting in the George Jay School Friday night, when he will be supported by Carey Martin and A. F. MacFarlane. Alex. Hendry will preside.

Mr. Ivel came out strongly for old-age pensions when he spoke at the (Concluded on page 2)

ALL CANDIDATES FOR HOUSE OF COMMONS ON OCTOBER 29 GIVEN OFFICIAL NOMINATION

In Victoria W. M. Ivel Nominated This Afternoon by Liberals and Hon. S. F. Tolmie by Conservatives; Nominations for 218 Seats in 214 Constituencies Made To-day; Formal Action Was Taken in Twenty-seven Large Constituencies Last Thursday; Election Campaign Now in Final Stage.

William McK. Ivel, Liberal, and Hon. S. F. Tolmie, Conservative, were formally nominated as Federal candidates in Victoria when nominations for the House of Commons were filed all over Canada to-day. In Nanaimo riding the nominees were: T. B. Booth, Liberal; C. H. Dickie, Conservative; and W. T. Grieves, Socialist. A. W. Neill, Independent Liberal, and T. D. Coldicut, Conservative, were the only nominations in Comox-Alberni.

Ottawa, Oct. 22 (Canadian Press).—To-day is nomination day in 214 electoral districts throughout Canada. There are 241 constituencies in the Dominion, but nominations have already been made in twenty-seven of them. Four of the constituencies elect two members each, which brings the total membership of the new House of Commons to 245, as compared with 235 in the last House.

The proceedings to-day were simple. They involved the attendance of returning officers at a specified place in each electoral district between noon and 2 p.m. to receive nominations. Candidates were required to be British subjects at least twenty-one years of age and to present nomination papers bearing the signatures of ten qualified voters in their own constituency. Also a deposit of \$200 was required from each candidate. This deposit is returnable to the candidate should he be elected or receive more than one-half of the total number of votes polled by the selected candidate in the constituency. If for any reason a candidate should fail to contest the riding, or if he should fail to poll less than one-half the votes of the successful candidate, the deposit will be forfeited.

TOOK ACTION EARLY

While to-day was official nomination day in a large number of constituencies, many candidates already were officially in the field. Under the law, a candidate may be nominated at any time after the official proclamation was made in September and before to-day 140 candidates had handed in their deposits. Two days nomination day in 1921, when the last general election was held, there were only half a dozen nomination deposits in the hands of officials.

With the nominations completed throughout Canada, the stage is set for the polling on October 23.

ONTARIO CANDIDATES

Toronto, Oct. 22.—Official nominations for the House of Commons will be filed in seventy-five out of eighty-two Ontario ridings between noon and 2 p.m. to-day. There are nearly 170 candidates in the field in those constituencies. In addition, there are sixteen candidates contesting the seven seats for which official nominations were made one week ago.

Fifty-nine who were Ontario members of the last Parliament are contesting their late constituencies, including fourteen Liberals, thirty-three Conservatives and twelve Progressives.

Five members of the Government are offering themselves for re-election in the Province of Ontario, including Premier King himself, who is Liberal candidate in North York, with Lieut.-Colonel T. Herbert Lennox as his Conservative opponent.

The Progressives include E. C. Dwyer, former Provincial Premier, and Miss Agnes MacPhail, the first woman to sit in the House of Commons.

INDEPENDENT CANDIDATES

Then there is one Independent Protectionist, O. H. Gammel, Lanark; one Protectionist Liberal, W. D. Euler, Waterloo North, and four Independent Liberals and three Independent Conservatives, as well as two straight Independent candidates nominated a week ago.

There are sixty-four Liberals in the field and eighty-two Conservatives.

The total number of Ontario candidates of all parties exceeds 180 for the eighty-two seats.

Religion and Science

TEST: Job 31 7, "Canst thou by searching find out God?"

When a man begins to think for himself about religion, he finds himself confronted by the apparent antagonism between religion and science. The various ways in which astronomy, geology, biology have in turn done battle with official Christianity, and sometimes he rashly assumes that, because science has defeated religion, it has thereby made an incursion into scientific realms. Therefore, Christianity itself has been demolished. On the other hand, a considerable change has come about in the attitude of scientists to religion. The mechanistic view of the universe held in the middle of the nineteenth century, the dogmatically disappeared. Professor Horace Lamb, president of the British Association, said, before a body only a few months ago: "Authority and science were at one time in conflict over matters entirely within the domain of religion. Now weapons were keen, and the strife bitter. We may rejoice that these antagonisms are now almost obsolete. One side has become more tolerant, the other more tolerant. Now there is a disposition on both sides to respect each others' territories."

cial organism with a racial future. In its struggle for existence it gains strength and breadth by utilizing its intellectual environment. It is alive and while learning from its critics preserves a continuity of essential character. Religion and science have each their own work to do. Each has its own autonomous sphere. Each may be a minister of divine truth. I grant that they speak different lan-

There are some who have a naive faith in the dogmas of science, deeming that there is no matter, no matter of basis, whereas science has. It is based, say they on irrefutable facts. No conjecture enters in. The laws of nature are absolute. But are they? They are based on an unproven assumption—not a mere assumption. For example, when Newton enunciated those theories which now we call the laws of gravitation, he merely laid down that, if we assume certain relationships and attractions between masses of matter, then we obtain an understanding of certain facts of the material world, such as the increasing attraction of the earth for the apple as it falls. Why gravitation exists, and what the nature of the force is, he did not say. He never pretended to say but he did declare that, if we admit the existence of this force, and assume these relationships, we can explain a large number of physical phenomena as found to fall into place.

But what happens? In time it is found that the laws based on such premises are imperfect. It is shown that there are cases no

to this morning. The list of nominees by party conventions shows that in addition to straight Liberals and Conservatives there will be a few Protectionists and Laborites in the field. Supporters of the Government are to be found in every one of the sixty-five ridings except three. The only Liberal

proximately thirty-five for the thirteen seats in Manitoba, forty-nine for the sixteen constituencies in Saskatchewan, and forty-five for Alberta's thirteen seats. On Oct. 15, when advanced nominations were held in eleven Western constituencies, thirty-one candidates were nominated.

The holiday having been declared and proclaimed, the view held appears to be that it comes into same class as other statutory days which are observed throughout the year. These are not compulsory, however, it is stated. The question

The wounded officers were taken to an Antwerp hospital, where a bullet was removed from one of them.

HOLLANDIAN PISTOL SHOT HEARD

Police say that shortly after Towers went to the captain's cabin yesterday morning a pistol shot was heard. The captain was found dead in the next room in the head.

The police say that Towers, after shooting the commander, entered Gilmour's cabin and shot the engineer in the face.

Other officers were attracted to the scene, and in a struggle with Towers the second engineer was shot twice in the lungs. Other men on the crew eventually overpowered Towers and disarmed him.

HAD WAR RECORD

Capt. Clews, whose home was Birkenhead, was born in Liverpool. He joined the Canadian Pacific in 1904. In the World War he served in the Canadian army, and came from there to England in command of a German prize ship. Afterwards he was made commander of a minesweeper, and made a total of fifteen voyages to the Far East. He held the Royal Humane Society diploma for life saving.

WORD "OBEY" LEFT OUT OF MARRIAGE SERVICE

New Orleans, Oct. 22.—By the closest possible margin the House of Bishops of the Protestant Episcopal Church of the United States yesterday concurred with the House of Deputies in eliminating the word "obey" from the wedding ceremony of the church. The vote was sixty-six to twenty-seven. A constitutional majority of the House of Bishops is sixty-six.

With "obey" went the bridegroom's announcement to the bride, "with all my worldly goods I thee endow."

Edmonton, Oct. 22.—Two-year-old Esther Campbell died yesterday as the result of drinking carbolic acid. The child in some unknown way secured possession of a bottle of acid and had taken some of it before the discovery was made by the parents.

VANCOUVER ISLAND NEWS

Sidney

Special to The Times
Sidney, Oct. 22.—The Parent-Teacher Association's regular monthly meeting was held in the school on Tuesday evening. In the absence of the president, Mr. N. Watts was in the chair. The secretary, Miss Jean McNaught, read the minutes which were adopted. The secretary was instructed to write a letter of appreciation and thanks to Chris Petersen for fixing the swings at the school playground. It was decided to have a Christmas tree for the children. Arrangements were left in the hands of the executive committee. The David Spencer Cup which was won by the Sidney School at the Saanich Fair will be presented on the same occasion. Mr. Duff gave an interesting lecture from Greece to Scotland with lantern slides to illustrate it, after which a social half hour was spent.

The regular monthly meeting of the senior branch of St. Andrew's Holy Trinity W.A. was held on Wednesday afternoon at the home of Mrs. Gilman, Second Street. There was a very good attendance. The president, Mrs. Gwynne, was in the chair and opened the meeting with a reading and intercession. Mrs. Salmon, the treasurer, read the financial report. Mrs. Herchmer, Dorcas secretary, gave a report of the sale sent to the adopted Indian boy and read a letter of appreciation from the matron. Other secretaries gave their reports. It was decided to ask one of the speakers of the Forward Movement to come out and speak on a Thursday in November to a gathering of church women. The arrangements were left with Mrs. Nelson. Mrs. Salmon, who was delegate to the Dominion board annual meeting, which was held recently in Vancouver, gave a most interesting report of the various meetings. The nomination of officers then took place and

the meeting adjourned, to hold the annual meeting next month. Matheva Hall, at which Mrs. Philip will be the hostess. Mrs. Gilman, assisted by her daughter, Miss Dorothy Gilman, then served tea.

The Women's Guild of St. Andrew's gave the church an Autumn cleaning on Tuesday afternoon. The following members assisted: Mrs. White, Mrs. Whiting, Mrs. Philip and Miss Lander.

The Park Trustees have made final arrangements for the dance they are giving in Berquist Hall, Friday evening. The orchestra will supply the music. There will also be radio dances. The North Saanich Women's Institute are doing the supper with Mrs. Crossley as convener. The proceeds are to go to the cost of draining the Memorial Park.

Sooke

Special to The Times
Mr. and Mrs. Clements of Saseenos have gone to reside in Vancouver, where he is taking up municipal work.

Stanley Giles hurt his hand, which later developed into blood poisoning, he has gone to Victoria to be treated at the hospital.

Mr. and Mrs. Stowe of Sooke River Road are leaving on the S.S. Niagara for a four months' visit to Australia.

Keating

Special to The Times
The many friends of Miss Lena Anderson of Telegraph Road will be pleased to hear she is home again after her recent illness.

Mrs. Mitchell of Vancouver and Mrs. Macdonald and children of Port Angeles are guests at the home of Mr. and Mrs. Lamont, Telegraph Road.

Miss Patricia Gale of Stelly's Cross Road, left on Wednesday for Vancouver where she will spend a month visiting her sister Mrs. R. Scott and friends.

Mr. S. Caldwell has disposed of his stock and fixtures in the Keating General Store to Mr. George Spencer, who is the Saanich Farmers' Exchange, who will take charge and continue the business commencing November 1.

The Junior Institute girls are busily engaged in practicing for the concert and dance which they will hold in the Temperance Hall Friday evening, November 13, when Pitt's orchestra will supply the music for the dance.

The Keating Hall will be well supplied with electric light at the Halloween entertainment on Friday evening, October 23. Military five band will be played, and players will be allowed to choose their own partners after which a social and dance will conclude the evening.

The Young People's Society of the South Saanich United Church met in the church parlour on Tuesday evening instead of Monday, the regular night, owing to the rally being held in Victoria on that date. Mr. B. C. Amery presided and there was a good attendance. Final arrangements were made for the service which the club will take charge of on Sunday morning, November 1, at 10 a.m. Mr. Lee will be absent from the parish at that time. Appointments to the different offices were made by the president and all members who have no other duties to fulfill will assist in the choir, for which a choir practice will be held on the previous Friday evening. All members are requested to attend and help make the service a big success as this is the first time that the young people have attempted anything of this sort. It was arranged that Mr. Bailey be asked to address the club on the religious meeting night on November 2. Upon the adjournment of the business meeting the evening was put in charge of the social convener, Miss Blanche Sherring and a merry time ensued with games and ping pong after which refreshments were served and the evening brought to a close.

Socialist to Speak at Duncan To-morrow Night

W. T. Grieves, Socialist candidate in the Nanaimo riding, will speak at the Odd Fellows Hall, Duncan, to-morrow (Friday) night, at 8 o'clock. Sam Gubrie, ex-M.P. for Newcastle, and Ewan McLeod will be among the speakers.

**Some Wait Too Long
After Warned by Falling Hair**
Remember this—baldness may be prevented, but seldom cured and the time to apply Newbro's Hair-picide is at the very first symptom of trouble. Hair-picide is positively the finest hair tonic on the market and may be relied upon to eradicate dandruff and check hair loss. Sold at all drug counters—applications at better barber shops.

Duncan

Special to The Times
Duncan, Oct. 22.—The funeral of the late Mrs. T. Holt-Wilson took place on Tuesday afternoon, at St. Mary's Church, Somers, Rev. A. Hinchliffe and Rev. F. G. Christmas officiating. The pallbearers were Colonel Barnes, Captain Barkley, Captain Halls, Leslie Melville, J. Highsted and K. F. Duncan. The church was filled with sorrowing friends, and there was a great profusion of floral offerings. Members of the First Cowichan and Somers Girl Guides of whom Mrs. Holt-Wilson was one of the first supporters in the district formed a guard of honor. The hymns sung were "For ever with the Lord" and "Holy Father cheer our way." Funeral arrangements were carried out by R. H. Whidden.

The Duncan Lawn Tennis Club plans to hold the annual dance on Thanksgiving Day, November 9. The executive met Tuesday when various committees were appointed and arrangements are now well in hand. The question of further expenditure on the courts was left to the general meeting which is called for Friday evening, October 23. In the absence of the president, E. M. Dawson-Thomas, vice-president, occupied the chair.

The regular monthly meeting of the Vimy Women's Institute was held Tuesday afternoon, the president, Mrs. T. C. Robson, in the chair. Mrs. Robson and Mrs. Creighton gave an informal report of the district conference in Victoria which they had attended. Special mention was made of the excellent way in which the conference was arranged. This was the first time that the District Board has had full charge of the conference, and it was noticeable how expeditiously all business was carried through.

The Vimy Social Club having decided to build dressing rooms and stage in the Community Hall, the Institute decided to help them in this and made tentative plans for a concert and dance to be held in the near future to raise funds for this purpose. The potato show to be held at New Westminster in November was discussed. Besides the Institute exhibit, the members are hoping to send individual exhibits to compete for the special prizes offered in this connection. A donation to the prize money was voted.

It was reported that a member of the Valdez Island Institute had had the misfortune to lose her home and belongings by fire and a small donation was voted to her.

With the usual initiative of this Institute, they have decided to take charge of all the arrangements for a Halloween party on October 31 in the Community Hall. All members of the community are invited, the only stipulation being that they must come in fancy costume. The November meeting will take the form of a social and be held in the evening, when the Institute will entertain the Cowichan Farmers' Local.

Mrs. Clark and Mrs. W. S. Robinson were the hostesses for the afternoon.

Mrs. H. P. Swan has returned home to Duncan, after an extended visit to England and the continent.

Dr. D. E. Kerr has returned to Duncan after spending the last three months in the Old Country.

Langford

Special to The Times
Langford, Oct. 22.—There was a good attendance last night in the Langford School House to hear Mr. R. H. Pooley and Captain A. S. Thain in the conservative protection policy. Many questions were asked and the meeting proved interesting to all present.

On Tuesday, October 27, the Langford Women's Institute members will meet at 2 p.m. A report will be given on the recent conference and also an address on education. All non-members will be heartily welcomed.

Mr. L. G. Wilkinson has returned home after a business trip to Regina. He is delighted with this climate after the severe weather on the prairies.

Mr. and Mrs. G. A. Cooney and family who spent the summer months at Ocean Beach LaSalle are now residing on the Goldstream Road.

Messrs. W. T. Dixon, F. Sonedley and H. Pierce were elected the Langford representatives on the committee of the Esquimalt Rural Nursing Service at the annual meeting held at Colwood on Monday night.

Chemainus

Special to The Times
Chemainus, Oct. 22.—The committee of the Boy Scout Association held a meeting recently in the parlour of the Calvary Baptist Church. The meeting was for the purpose of starting the scout movement against Mr. Robarge, who has been keeping the Wolf Cubs along for the last few weeks, has offered to be scout master as soon as a cub master turns up. Amongst others present were Rev. E. M. Cook, Rev. B. E. Spurling, Mrs. Chatters, Mrs. Longbridge, Mrs. Lang, Mr. Pritchard and Mr. Robarge.

Mr. and Mrs. Colin McInnes and Colin Jr. of Genoa Bay were recent visitors to Chemainus.

Mrs. R. B. Haldie has returned home from Ladysmith where she spent a very enjoyable week the guest of Mrs. B. Hill.

Mrs. William Ward, who has been staying with her son, Harry Ward, Victoria, returned home on Sunday.

Mrs. Pearson has returned home to Victoria after being the guest of Mrs. O. Gustafson for a week.

P. W. Ankettell-Jones who recently returned from his judging tour of the "Pall" fair is now a patient in the Jubilee Hospital, Victoria, to the regret of his many friends.

The many friends of Mrs. J. B.

FRANK FERNANDEZ IS TO BE SENTENCED

Vancouver, Oct. 22.—Frank Fernandez was found guilty late yesterday in the Assize Court here on a charge of receiving stolen goods. He will be sentenced later.

Two youthful witnesses for the prosecution told of their connection with the recovery of stolen goods. The robbery, according to the witnesses, consisted of breaking into the Government liquor store at Chilliwack and stealing some twenty cases of liquor; a liquor store robbery at Abbotsford; an attempted liquor store robbery at Millville and robbery of a grocery store and garage.

FRANZ MOLNAR DIVORCED

Budapest, Oct. 22.—A divorce was granted here yesterday to the actress Sari Fedak from Franz Molnar, the playwright. Franz Molnar, author of "Glimpse of the Guardian" and "The Swan," divorced his first wife three years ago and married Sari Fedak, a reigning favorite of the Budapest stage. Earlier this year Molnar brought suit for divorce, but the trial was not completed.

Baby Eczema Soon Disappears with the use of Dr. Chase's Ointment

Only mothers who have witnessed the suffering of their babies when tortured by eczema fully appreciate the remarkable soothing, healing effects of Dr. Chase's Ointment.

Most babies at one time or another fall victims to skin irritation, chafing of the skin or eczema. For this reason it is a fine habit to always have at hand when bathing baby a box of Dr. Chase's Ointment. You never know when roughness and redness of the skin is going to develop into something more serious. A touch of Dr. Chase's Ointment keeps the skin smooth and velvety and prevents serious skin affections. There are scores of uses for Dr. Chase's Ointment. Once it finds its way into the home it is soon considered indispensable.

GIRL JOCKEY WON

Beifast, Oct. 21.—Miss Elizabeth Milne Barbour, sixteen-year-old daughter of John Milne Barbour, Parliamentary Secretary to the Ulster Finance Ministry, to-day won the Irish Cesarewitch at Curragh astride the horse Brancourt.

Devil's Food That's Lovely

Cream scant half cup butter—add 2 cups brown sugar—add 1 egg yolk and 1 cup cocoa made into thick paste with a little boiling water. Stir in 1 cup milk (1 Pacific Milk, balance water) in which is dissolved 1 teaspoon soda. Add 1 1/2 cups flour and 1 teaspoon baking powder. Then fold in beaten white of 1 egg. (Save other egg white for icing.)

A NEW
STANDARD
OF EXCELLENCE

The popular Pattern No. 518 is on the floor. It is a beautiful design in Old Rose, a color which harmonizes with light or dark-toned draperies.

There is only one "Congoleum" and it is identified by this Gold Seal posted on the face of every pattern.

"Weren't you clever to choose a Congoleum Rug!"

Isn't it a pleasure to usher your guest into a room that's the perfection of dainty charm?

With a Congoleum Gold Seal Rug on the floor, you've gone far toward realizing such an ideal. These rugs come in bright, colorful patterns that harmonize beautifully with modern furniture and draperies.

And they have a smooth, sanitary surface that cannot absorb dust, grease and spilled liquids, hence they are the easiest things in the world to clean. Just go over them with a damp mop, and dirt will disappear like magic.

Patterns for Every Room

Patterns are so varied that you can have appropriate rugs in every room at prices that will amaze you. There are rich Oriental and floral designs for living-room and dining-room, and conventional patterns that are just the thing for kitchen, bathroom and pantry.

Congoleum Rugs hug the floor without fastening of any kind—they never curl at the edges or corners.

Congoleum Gold Seal Art-Rugs are made in seventeen sizes; ranging from the handy 18 x 36 inch mats to the 9 x 15 foot room-size rugs.

If you are not acquainted with Congoleum Rugs, be sure to see them at your dealer's. You'll be amazed at their beauty and low price. You owe it to yourself to learn why Canadian housewives regard Congoleum Rugs as the biggest floor-covering value in all the Dominion.

Congoleum-By-the-Yard

The same easily cleaned, flat-lying, durable material as Congoleum Gold Seal Rugs, for use where it is desired to cover the entire floor. It is made two yards wide, without border, in a variety of beautiful patterns.

Congoleum Gold Seal Hall-Runner

Your choice of two bright floral designs with border, which will add a touch of color to your halls or wherever you can use a runner. Made in rolls, 36 inches wide of the identical material as the famous Congoleum Rugs.

"There's no sense in stunts like this," "Kruschen" wouldn't let you miss."

"Who's been missing his Kruschen?"

Stokes: The sweetest driver that ever man swung!
Ward: My boy, what you want is a perfectly good shovel. Praps I'd better run along and borrow one before we start returning the place.
Stokes: Heaven only knows what's come over me this morning! Last time out I was battling the little pill fairly and squarely in the eye—not once or twice but every blessed time. And to-day—why, I do believe I'd miss a football.
Ward: Spot's floating before the eye-balls? Tongue like a button-sick? Mouth like a lime-kin?
Stokes: Truth is I was feeling so full of pep when the last bottle

ran out—it would be a week ago now—that I thought I could afford to drop it for a while.
Ward: And that was your mistake. Chaps like us that never get exercise or good fresh air except in the week-end simply can't keep in decent trim without the "little daily dimel".
Stokes: True, but the dickens of it is that it needs a ruined morning like this to bring it really home to a fellow.
Ward: Well, there won't be any serious damage done so long as you remember to pipe up with your "Kruschen, Mr. Druggist, please" on the way home.
Stokes: Sure I'll remember. And just you watch out for yourself next week. I'll have "that Kruschen feeling" then!

Kruschen Salts

Good Health for Half a Cent a Day

The ingredients of Kruschen Salts are necessary for healthy life. Your body must of necessity extract poisons from somewhere, or you could not live. If you lead an ideally healthy life in the open air, with plenty of exercise and no worries, your body would extract these six vital salts from your food. But the artificial life you lead prevents this. Hence the need for the "little daily dose" of Kruschen, which, unlike any other saline preparation, is a scientific combination of the six salts your body needs for its proper health. "As much as will cover a 10 cent piece" every morning, tastes in your breakfast cup of coffee or tea, expels all poisons, waste matter, purifies and invigorates your blood, and sets you all sailing with "that Kruschen feeling." Every drug store contains 100 doses for nearly enough for a month. Get a bottle to-day and begin a new life. "The little daily dimel" that does it.

SOLE IMPORTING AGENTS: CHARLES GYDE & SON, MONTREAL

THREE REFRIGERATOR BOATS AT SEATTLE MAY LINK ALASKAN RAILWAY WITH BOATS

Are Loading Boxed Apples and Frozen Fish for Northern Europe

Seattle, Oct. 22.—To load a mixed cargo of boxed apples and frozen fish for Northern Europe three specially equipped refrigerator steamships are now docked here. The ships are: Royal Star, Blue Star Line; Pacific Trader, Pacific Line; and Narenta, Royal Mail.

G. Newgard, Royal Mail Steam Packet Company passenger agent here, has been promoted to assistant general passenger manager with offices in San Francisco. He is to leave about November 15.

The American Hawaiian steamship Oregonian, formerly the Pacific Mail Line Santa Rosa, is due here Saturday.

The Manchu Maru, in the Ocean Transport Company service, expected to-day, is the first of that company's ships to call here in several years. The service is now being handled by the General Steamship Corporation.

Ferry service from Seattle has been kept on schedule in spite of heavy fogs during the last two weeks. R. W. Crook of the Crook's Direct Line ferries, announces, Traffic has not fallen off since summer as expected, he added.

CANADA TO BE REPRESENTED

Ottawa, Oct. 22 (Canadian Press). The Department of Marine and Fisheries will be represented at the fourth United States radio conference in Washington, commencing on November 9, by C. P. Edwards, director of radio for Canada.

TONNAGE RECORD SET AT SOUTHERN PORT

62,136 Net Tons Passed Through Golden Gate Into San Francisco Yesterday

San Francisco, Oct. 22.—In point of tonnage arriving in any twelve-hour period, a record for the port of San Francisco was established between midnight and noon yesterday when twenty-five vessels, aggregating 62,136 net tons passed through the Golden Gate to discharge their miscellaneous cargoes from all parts of the world.

The largest of the night and early morning arrivals was the Dollar liner President Pierce from the Orient. The American Hawaiian Steamship Company's intercoastal freighter Hawaiian from Boston and New York led the procession. It was followed closely by the Canadian liner freighter James H. Duke from Philadelphia. Then came the Panama Mail motorship City of San Francisco with passengers and general cargo from the canal zone via ports.

With a capacity list of passengers for round-the-world tour the Dollar world-girder President Pierce arrived in harbor to-day. The liner will remain in port until 4 o'clock Saturday when she will depart for the Far East.

Taking the place of the steamer Wilhelmina which was badly crippled when it ran aground a clay-bank near the ferry slips in Vallejo last Friday, the Motor freighter Manukau sailed for Honolulu to-day. Passenger bookings on the Wilhelmina will be taken care of on the liner Matsonia.

The Ford Motor steamer Onida from New York, with 800 tons of motor car parts for discharge here arrived in port yesterday.

FIREMAN MAY GET PARDONABLE AWARD

J. S. Partridge, Who Saved Five Lives, Likely to be Presented With \$1,000

Calgary, Alta., Oct. 22.—A story which appeared in The Calgary Herald and other newspapers which recounted how J. S. Partridge, a Canadian Pacific fireman, heroically risked his life to save five lives at the time of the big slide of rock and mud on Field Hill, may result in Partridge winning one of the weekly prizes of \$1,000 and a gold medal given by Liberty, a Chicago publication. This prize is given for the most courageous deed in any week. While it is perhaps uncertain at the moment whether Mr. Partridge will receive this prize, his action was considered of sufficient merit by the proprietors of the publication mentioned to send a special representative all the way to Calgary from Chicago. This was Wm. S. Forman, who evidently was also much impressed with the heroic action of the Canadian Pacific fireman.

RISKED HIS LIFE

On arrival in Calgary, however, he ascertained that Mr. Partridge, who had resided at 2335 Seventh Street East, had been transferred to Field, and he immediately left for there to interview him personally. The story of Partridge's action is worth briefly retelling. At the time of the slide he was on an engine passing eastward on the big slide of rock and mud, where the slide occurred, in the nick of time, as a matter of fact, the rear end of the caboose was struck by some of the avalanche of rock. Recognizing the imminent danger of the engine and section below at Yoho and acting on the spur of the moment he scrambled to the front of the engine, where he was able to reach the section men, who were forced to leave their belongings behind. Their building was demolished a minute or two later. Partridge then awakened the operator at the station, who also escaped a few minutes before his own was crushed to pieces.

2,176 FRENCH WERE KILLED IN MOROCCO

Paris, Oct. 22.—Casualties suffered by the French forces in Morocco, up to October 1 were 2,176 killed, including thirty-nine officers, and 8,297 wounded, Premier Painleve told the finance committee of the Chamber of Deputies yesterday.

The Premier said the expenses of the Moroccan campaign had been \$50,000,000 francs. French casualties in Syria, he said, had totaled 6,226 killed, wounded and missing since France took over the mandate in 1920.

After illness you need BOVRIL

Influenza, debility and other illnesses result in loss of vitality, weight, and weakened digestion. Bovril is the food which not only contains nourishment and strength, but supplies it in a concentrated and easily digestible form. Bovril contains the most valuable nourishing and stimulating qualities of Prime Beef.

BOVRIL puts BEEF into you

FORMER NAVAL PATROL CRAFT IN NEW TRADE

owned by the Central American Shipping Company at Vancouver, and registered at Ottawa, which as the Ss. Studebaker was well known in local waters during the war when Esquimaux was a closed port under a naval examination service. Before that again the Kuyakuzm was known as the Ss. Columbia and plied in United States waters. She is a vessel of 780 tons gross, 168 feet in length, 35.5 feet beam, and of 15.7 depth.

RESIGNS AS LUMBER COMMISSIONER FOR B.C. IN ENGLAND

Loren L. Brown Coming to Coast to Represent British Timber Brokers Firm

Loren L. Brown, British Columbia lumber commissioner in England, for the duration of the British Empire Exhibition at Wembley, is resigning from the service of the British Columbia Forest Branch on October 31, it was announced officially to-day. Mr. Brown has accepted a position as representative of a firm of British timber brokers with headquarters in Vancouver. He will come to the coast to take over his new duties at the end of the year.

TARIFF PROMISES KEPT BY LIBERALS

Lower Duties on Implements of Production Are Benefit, Says Premier

Mr. King Heard by Large Audience in City of Brantford, Ontario

DRINK WATER IF KIDNEYS BOHER

Take a Tablespoonful of Salts if Back Pains or Bladder is Irritated

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids in the system to expel it from the blood. They become sluggish and weaken, then you may suffer with a dull, aching pain in the back or sick headache, dizziness, your stomach sour, tongue is coated, and you have twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body of uric acid, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may be set free. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help cleanse the system and to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness. Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. (Adv.)

She Was Weak, Thin and Nervous

One of the greatest strength givers and producers of good healthy flesh in the world is Cod Liver Extract. It's full of vitamins.

Thank goodness! that now, when a woman is weak and nervous, she knows where to go for help as all druggists are now selling McCoy's Cod Liver Extract Tablets, sugar coated, and as easy to take as candy.

And it's a mighty good thing for skinny, rundown men and women to know that they can get the real Cod Liver vitamins in condensed form, that they can easily carry with them wherever they travel.

Men and women, weak, thin and nervous, are urged to put on weight and get back their health and strength with these wonderful tablets.

One woman gained 15 pounds in five weeks and that's going fast for anyone.

Only 60 cents for 60 tablets, and if they don't put five pounds of flesh on this person in take as candy—money back and no quibbling about it, either.

But be sure and get McCoy's, the original and genuine, Vancouver Drug Co., MacFarlane Drug Co., Owl Drug Co., and druggists everywhere are selling lots of them. (Adv.)

Authority of William Wainwright, second vice-president Grand Trunk Railway System.

"W. L. Mackenzie King, Minister of Labor."

"William Tugsey, Minister of Public Works."

"L. P. Bradeur, Minister of Marine and Fisheries."

There were cheers for Mr. King as he concluded his speech.

SUITABLE EMPLOYMENT

"At the end of the three months' period there should still be in the train or yard service on the Grand Trunk System."

Montreal, Oct. 22.—The Grand Trunk Railway has announced that it will relieve the company of any responsibility arising under such engagement to the extent of seeing that these men shall be placed with suitable employment at a similar rate of pay for a period of at least sixty days or he paid such rate of pay for that period.

"The men will, within three months' months from this date, be taken back into service, and within that time will be placed in their former positions."

"For the purpose of preventing as far as possible any misunderstanding, which might arise regarding the intent or purpose of the letter addressed by Sir F. W. Borden and Mr. W. L. Mackenzie King to Mr. Charles M. Hays on July 31, 1918 (a copy of which is attached) it is understood as follows:

NEWS IN BRIEF

In the City Police Court this morning Sam Vick was remanded until to-morrow morning on a charge of having been found with opium in his possession.

While Dr. and Mrs. Howard Miller were attending the Dominion Theatre last night their Packard sedan car No. 5753, parked on Blanchard Street between the hours of 8.15 and 9.15 o'clock was stolen. Police are conducting investigations.

Some novel turns are being prepared for the dance to be held at the Alexandra ballroom to-morrow evening under the auspices of the Uplands Golf Club. Hunt's orchestra will furnish the music. The proceeds will be devoted to the furnishing of the clubhouse.

The prizes given by Mr. and Mrs. Boyd at the Burnside card party last week were of the country store type and very acceptable to the winners who were Mrs. Denley and Mrs. Stewart, Mr. Pass and Mr. Tomes. This week the awards will be donated by Mr. Byng, the newly elected vice-president of the club.

Victoria City Temple.—A congregation of the Victoria City Temple will be held at K. of P. Hall, 842 North Park Street, on Thursday, October 23. This will be held in conjunction with the annual banquet. The Ladies Aid will serve dinner at 6 p.m. There will be a special meeting of the Ladies Aid at the home of Mrs. Leigh to-night.

Liberal ladies of Ward 4 and 5 will be hostesses at a meeting to be held in the Liberal headquarters on Friday from 3 till 5 o'clock under the auspices of the Women's Forum. Mrs. A. Booth of Esquimalt will speak on old-age pensions and W. J. Ivel, Liberal candidate, will give a short talk. There will be a musical programme and refreshments will be served.

To conserve water supplies serving the Jordan River power station, the B.C. Electric Company has notified a number of large power consumers to reduce their consumption during the continuance of the present abnormal dry spell. The Brentwood steam plant was placed in full commission this afternoon, and will carry a large portion of the Victoria load until rainfall. The restriction is precautionary, there being no present shortage of water storage at Jordan River. Superintendent Tripp states.

Members of the local unit of the Army and Navy Veterans' Association last night commemorated the anniversary of Trafalgar Day at a smoking concert in the club premises. President George Gardiner presided. A paper on Trafalgar Day was read by Major F. V. Longstaff, and Joshua Hinchiffe, M.P.P., gave an appropriate address. The programme was conducted under the auspices of the entertainment committee, whose chairman is Charles Jasper. Artists who contributed to the programme included J. Foster, Thomas Kelly, Ernest Butterworth, C. E. L. Money, J. W. M. Scott, B. F. Seed, J. Harrison, E. Uglow, A. J. Hodgkins, E. E. Hardisty, J. H. Watts, A. Sabiston, G. Gardiner, C. C. McBride and E. H. Livesey.

NEW COMPANIES TO DO BUSINESS HERE

New companies incorporated to do business in British Columbia in the last week are as follows:

Atlas Financial Corporation Limited, \$10,000, Vancouver, private.

Pacific Marine Services Limited, \$20,000, Vancouver, public.

Houghton and Smith Limited, \$20,000, Vancouver, private.

Alexander-Hall Lumber Company Limited, \$50,000, Port Haney, private.

R. C. Purdy Limited, \$10,000, Vancouver, private.

Alliance Estates Limited, \$150,000, Vancouver, private.

Polling The Plains Productions Limited, \$100,000, Vancouver, private.

Bernethy Timber Company Limited, \$10,000, Parksville, private.

Pattersons Limited, \$50,000, Vancouver, private.

Alberni Mining Company Limited (Non Personal Liability), \$900,000, Vancouver, private.

Extra Provincial companies registered:

Producers General Agency Limited, \$10,000, Vancouver.

Heat Livestock Company Limited, \$20,000, Edmonton, Alta. and New Westminster.

Boys' Naval Brigade Band Give Concert

The Boys' Naval Brigade Band received a most enthusiastic reception from a full house audience at the Coliseum Theatre last night. The band gave a short concert to commemorate Trafalgar Day. The programme consisted of some rousing marches which were most appropriate for the occasion. A cornet quartette played by Don Montague, Hugh McKenzie, Gilbert Yerd and Stanley Gerrick was rendered beautifully and was received with great applause.

The opening effect was a surprise to the audience, the theatre being in darkness and the strains of music swelled to the accompaniment of the gradual lighting effect showing the band in their white uniforms with a fitting book-ended made a most spectacular picture.

Bandmaster Arthur Hodgkins regretted that time did not permit encores to be given as demanded by the audience.

Sunday next will be Trafalgar Sunday, and the band will give a concert at the City Temple evening service.

Bank Clearings Here Continue to Climb

Victoria bank clearings continue to climb. Clearings for the week ending to-day total \$2,139,060, according to the figures issued by the Clearing House at noon.

Clearings for the corresponding week of last year total \$2,043,469.

Fraser, Qualicum Beach, builder; Catherine Forrest, Alberni, housewife; Chas. Williams, Lasqueti Island, fisherman; H. A. Macdonald, Sayward, farmer; J. A. Brown, Cumberland, fire boss; John Sutherland, Cumberland, merchant; R. U. Hurford, Courtenay, farmer; John Reid,

ROTARIANS ASKED TO HELP MAYOR'S FUND

All Service Clubs Invited to Contribute to Relief Fund

Advertising Methods and Objects Explained by Experts

The Mayor's Fund for relief of dependents of the Bentinck Island disaster was brought to the enthusiastic attention of the Rotary Club at today's luncheon at the Empress Hotel, when Rev. F. A. P. Chadwick explained the dire need in which six families are placed following the death of their breadwinners. This is a worthy occasion for members of all the service clubs to give a substantial response to an appeal for help pointed out.

Advertising was the subject of four addresses. W. Lemm pointing out that newspapers advance their circulation along the frontier, but had not crossed to the interior. He added that any further initiative on the part of the service clubs lay in the hands of the commander of the Third Army Corps at Saloniki.

NEEDS SUPERVISION

Percy Watson advocated direct mail advertising, as establishing close contact between seller and buyer, and holding the direct attention of the prospect. Admitting the cost to be higher, Mr. Watson asserted that the difference to be warranted by results. Wholly successful, but money is often wasted by failure of the advertiser to consult an expert.

INSURANCE MEANS

A. V. Clarke, introduced as "the man who tells all the others how to advertise," pointed out that the advertising expert's chief task is to apply funds available in such a way as to attain the most satisfactory results from the investment made.

The large manufacturer or small retailer can accurately compute to-day the cost of doing business to-morrow, but advertising is the only means known whereby assurance can be given that to-day's product can be sold to-morrow, Mr. Clarke pointed out.

SIX-YEAR-OLD GIRL IS AUTO VICTIM

Dies on Way to Vancouver General Hospital

Vancouver, Oct. 22.—Struck by an automobile driven by Fitzroy Kelly, the six-year-old daughter of Mrs. Mohu Kobayashi of the Brunswick Cannery, Rivers Inlet, received injuries that resulted in her death on the way to the General Hospital.

Kelly was taken to police headquarters.

7,000 PRISONERS TAKEN AT YANGTSE

Chekiang Forces Claim They Captured That Many of Chang's Men

Peking, Oct. 22.—Generals of the Chekiang forces which have wrested practically all of Kiangsu Province from the troops of Marshal Chang Tso-lin, said today that they had captured 7,000 of Chang's men near Nanking, where the Manchurian forces, retreating northward, crossed the Yangtze River.

GREEK-BULGARIAN FIGHT IS REPORTED

Athens, Oct. 22.—It is officially announced that detachments of the Greek Third Army Corps, advancing to occupy a position on the Bulgarian border, met with resistance from the Bulgarian garrison. Fighting is in progress.

The Bulgarian Charge d'Affaires visited Premier Pangalos to-day with an appeal that a commission of inquiry be appointed to investigate the border troubles. The Greek Premier, however, refused to discuss the matter as long as Bulgarians remained on Greek territory.

LEADER AT SALONIKI

Athens, Oct. 22.—A tense situation, the outbreak of the hostilities between Greek and Bulgarian forces along the Macedonian border, still existed to-day.

It is asserted by newspapers, allegedly on the word of a military authority, that it is the purpose of the Greeks immediately to cross the Greek-Bulgarian frontier and occupy the towns of Pury and Petchik and to hold them until the demands for an indemnity of 2,000,000 francs, an apology and punishment for the Bulgarian officers, who started the trouble have been met.

Premier Pangalos said last night Greek troops had been stationed along the frontier, but had not crossed to Bulgarian soil. He added that any further initiative on the part of the Greek forces lay in the hands of the commander of the Third Army Corps at Saloniki.

LONDON AWAITS NEWS

London, Oct. 22.—Whether or not Greece has issued an ultimatum to Bulgaria as an outgrowth of the alleged attack by Bulgarian troops on Greek forces near Demirhisar has not yet received official confirmation at the British Foreign Office or at the Bulgarian Legation here.

It was recalled in political quarters to-day that both Greece and Bulgaria are members of the League of Nations, and it was contended that if Greece has actually demanded an indemnity of 2,000,000 French francs, an apology and punishment for the Bulgarian officers responsible for the attack and a time limit of forty-eight hours for fulfillment of those conditions, she has made a false move.

Even the facts regarding the clash between the troops are none too clear here. It is said, however, that if Bulgarian regular troops took part in the fighting, the second of the incident a more dangerous aspect than if the troublesome irregulars known as "comitadjis" alone were concerned.

W. A. CAMERON LOST LIFE IN AUTOMOBILE ACCIDENT NEAR NELSON, B.C., YESTERDAY

Nelson, B.C., Oct. 22.—W. A. Cameron, lease and former manager of Rambler Cariboo mines in the Siccan country, was killed almost instantly yesterday afternoon on his way to a meeting of the mining association at Nelson, when the car of J. P. Macfadden of New Denver went over a bank at Beasley, about ten miles below Nelson. Mr. and Mrs. Macfadden and another passenger escaped unhurt.

SESSION ADJOURNED

Nelson, B.C., Oct. 22.—Gloom shrouded the gathering of mining men in Nelson yesterday afternoon and last night, following the sudden death of Wilford A. Cameron, one of the best known mining men of the Kootenay, when he and three others, Mr. and Mrs. J. P. Macfadden and Colin J. Campbell, all of New Denver, went over a bank in an automobile a few miles below Nelson. The Mining Association adjourned the session to a few minutes out of respect to his memory.

A Nova Scotian by birth, Mr. Cameron followed mining in Leadville, Colo., and came to the Kootenay over twenty years ago, and as an employee of the Consolidated Mining and Smelting Company of Canada was superintendent at different times of the St. Eugene, Ottawa, Richmond-Eureka and Lucky Thought mines. Later, he was manager of the Rambler-Cariboo for some years, and was connected with other mines as well and at the time of his death held lease on the Rambler and the Molly Gibson.

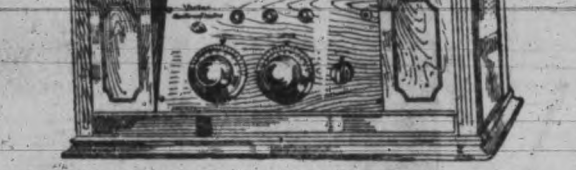

Aged forty-four, he leaves a widow and four children, the eldest son being at the University of British Columbia.

OBITUARY

The remains of the late Mrs. Alice Risley whose death occurred Tuesday night are resting at the Thomson Funeral Home, 1625 Quadra Street, pending funeral arrangements which will be announced later.

Private funeral services were held at 2 o'clock this afternoon for the remains of the late John Lister Rev. H. V. Hitchcock conducted the service at the B.C. Funeral Chapel. The pallbearers were Messrs. A. A. Blyth, Thos. Main, John McCallum, J. R. Boyle, and Arthur Manson. Interment was made in Ross Bay Cemetery.

Funeral services were conducted yesterday afternoon at 2 o'clock at the Sands Funeral Chapel for the late George James Duncan, who passed away at the family residence, 1427 Edgewood Road, last Saturday. Relatives and a large gathering of friends were in attendance. Members of the Odd Fellows' Lodge, No. 2, turned out in a body to show their respect to their late brother. Rev. F. H. Robertson officiated and the burial service was read by Noble Grand C. A. Gill and Chaplain D. Dewar. The hymns sung were "Jesus, Lover of My Soul" and "The Church's One Foundation." The pallbearers were Messrs. Farquhar, J. Marker, J. May, R. M. Lorimer, J. Foubister, brother members of the Odd Fellows' Lodge, and W. A. Luney, of Messrs. Luney Brothers. The remains were laid to rest in Ross Bay Cemetery.

The funeral of the late Louis William Stember took place Wednesday afternoon from McCall Bros' Funeral Home. A large number of friends attended the service.

The death took place yesterday afternoon, at the family residence, 1244 Douglas Street, of Mr. George Frederick Dunlop, aged eighty-four years and six months. Born in Dublin, Ireland, he had been a resident of this city for the past twenty-three years. The funeral will take place on Saturday, October 24, at 2 o'clock, from the Sands Funeral Chapel. Rev. H. V. Hitchcock will officiate and the remains will be laid to rest in the Royal Oak Burial Park.

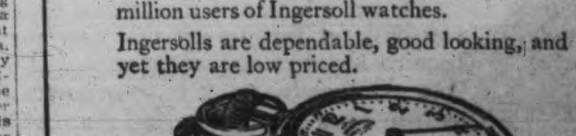

The Most Famous Men in the World Use

Ingersoll

WATCHES

THOS. A. EDISON, the great inventor; Luther Burbank, famous naturalist; Charlie Chaplin, who has made the world laugh; Stefanansson, Arctic explorer; and hosts of other well-known men, are among the 70 million users of Ingersoll watches.

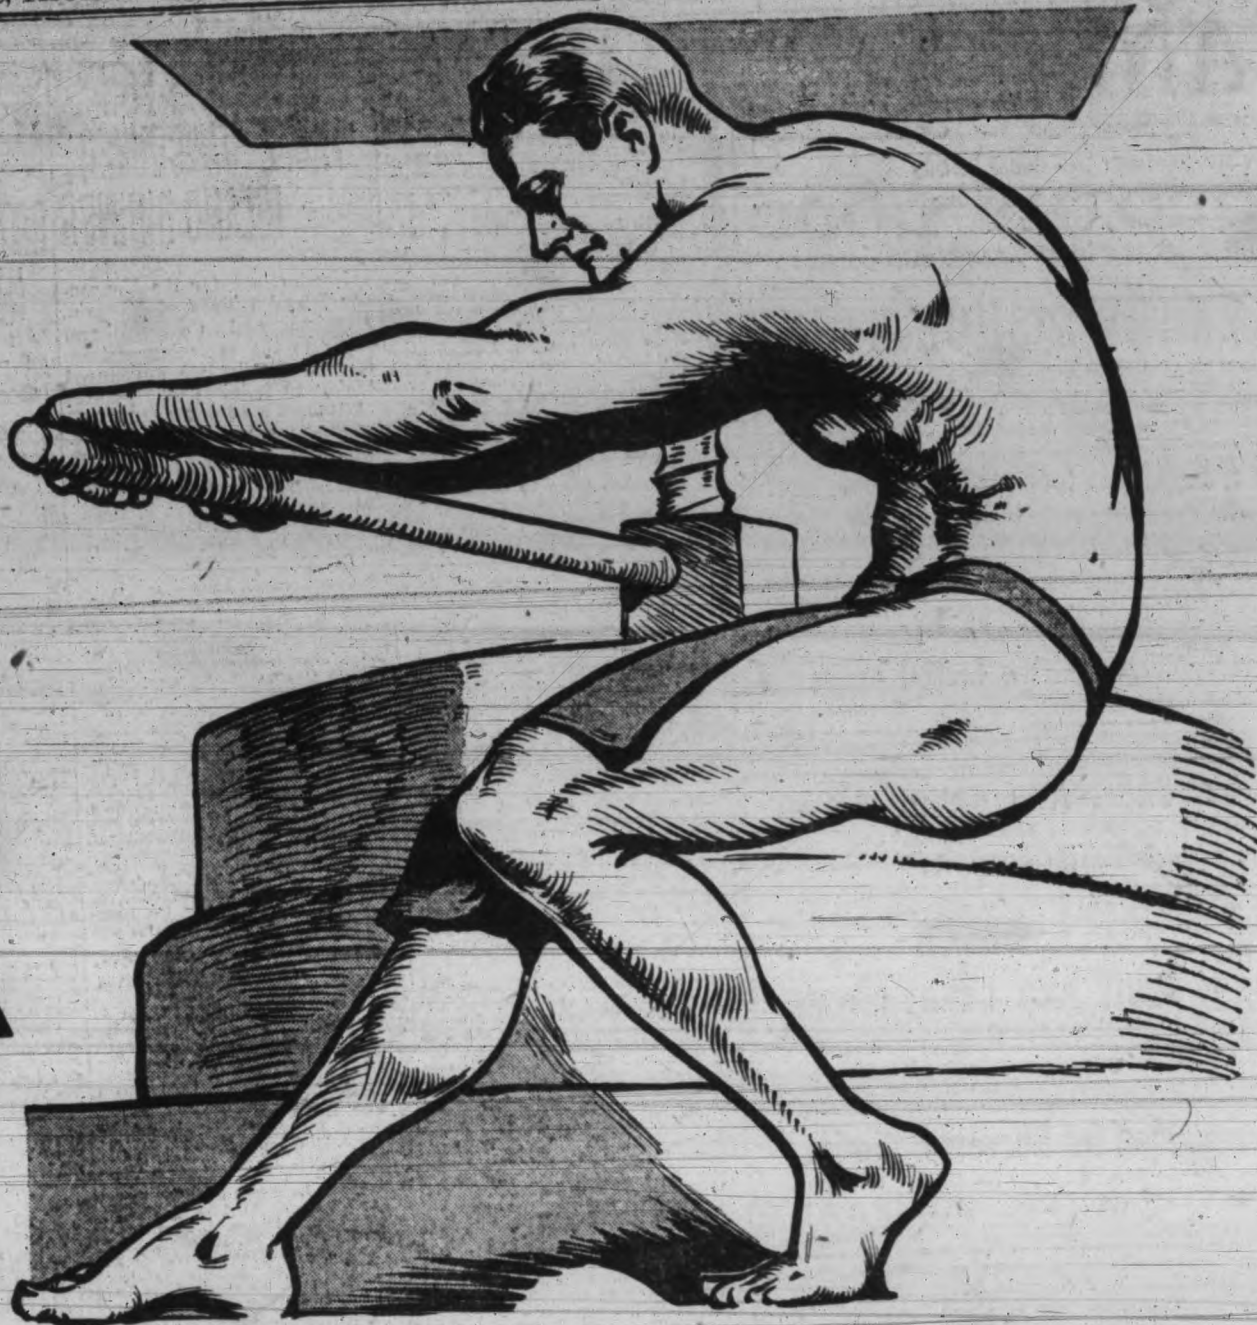

Ingersolls are dependable, good looking, and yet they are low priced.

FREE OFFER *to the*

Regardless of the strain, the sudden pull or unusual and unexpected exertion, this new invention retains the rupture safely, surely and comfortably—when the rupture has been healed properly, you can discard your truss forever.

RUPTURED

*Your Body Made Whole Again in a Safe, Clean,
Comfortable, Scientific and Sensible Way*

WE have perfected a new invention that does all that the old fashioned truss or appliance will do—and more—because it heals the rupture and frees you from truss wearing forever.

This is no idle statement. It has freed thousands from that torture and distress. We have their letters and the statements of doctors, themselves, to prove that after a comparatively short time, all signs of the rupture have disappeared. Hard work, strain and even violent athletics have failed to bring back the ruptured condition.

This new, scientific discovery costs even less than the average truss—yet in addition to retaining the rupture safely and surely, it heals as it retains.

This new discovery weighs less than any truss or appliance and, regardless of the position you assume, it is impossible for the rupture to come out.

Its pressure is so light and flexible that athletes, swimmers, dancers, have adopted this new invention; they are being freed from rupture dangers while it is retaining and healing their rupture with ease and comfort.

So sure are we that it will do this—we want you to try it free. Write today for full particulars of this free trial offer which will be sent you in a plain sealed envelope.

Do not submit to a dangerous, expensive operation until you have at least given this new way to health, a trial. Inquire about it and examine it. If you could hold it in your own hands—try it in your particular case—you would be convinced that it can heal your rupture. It has healed thousands and without doubt your case is similar to many of these.

And you can make this test absolutely free—write for free offer.

Not one single thing has been left out of consideration in its planning and perfecting. Cleanliness (so necessary if any physical ailment is to be healed) has been taken care of. It can be washed—just as you would wash your hands. There is no metal to corrode, no leather to become hard and uncomfortable and no cloth to become foul and irritating.

It is so planned that a constant stream of cool, fresh air is being injected under the soft, flesh-like surface. In this way, freedom of circulation is assured and freedom from irritation is made certain.

The success which has followed its use has been remarkable.

Old men and boys, elderly women and young matrons, and thousands of babies, are included in the list of those positively healed, in this new way.

Ed Nutter, a young man chosen as the second best high school basketball player in the entire state of Indiana, was healed by this new method. In spite of the unusual strain, the constant activity and the leaping, running and falling that a basketball player must do—if he excels in that sport—this young man was freed of a long standing rupture.

This is but one out of thousands of people, prominent in their communities, who have been healed. They have been freed of truss wearing. If it will do this for others—why won't it do the same for you?

It retains as it heals. Holding the rupture, safely, surely, and with the greatest comfort—yet all the time working for your cure. This is the history of this new discovery—so write today for the free offer.

CANDIDATES OFFICIALLY NOMINATED FOR COMMONS

The House of Commons of Canada which will be chosen by the electors on October 29 will consist of 245 members, an increase of ten over the membership of the last House. One member will be elected in each of 237 constituencies and two members in each of four constituencies. In the twenty-seven largest ridings the official nominations of candidates were made last Thursday, more time before polling day being required there than in the majority of constituencies because of the problems of communication. In the other 214 constituencies official nominations were made to-day. The names of the candidates are given below:

Thermodyne

"THE FAMOUS MASTER CONTROL"

FIVE REASONS WHY WE LIKE TO SELL THERMODYNE

1. Because nothing like Thermodyne has ever been seen or heard before.
2. Because the famous Master Control makes instantaneous appeal. It is a revelation to hear dozens of stations glide in and out, each in its proper place, as fast as the one knob is turned.
3. Because Thermodyne uses instead of a mechanical circuit—an entirely new principle in radio that eliminates squealing, howling and distortion, and converts metallic harshness into pure-toned melody.
4. Because, in addition to these revolutionizing features there is a selectivity, distance-getting ability, clarity, tone quality, smoothness of performance and low cost of maintenance that make Thermodyne's superiority incontestable.
5. Because one careful, competitive demonstration is convincing—Thermodyne's performance cannot be equaled by any other receiver at any price.

Splendid Radio Display Opens at Crystal Garden

PLENTH OF CLEAR RADIO MUSIC IS PROMISED AT SHOW

Radio Club Presents Remarkable Novelty in Entertainment

Radio concerts nightly will be provided at the Radio Exhibition, opening this evening at the Crystal Garden. To give their guests enjoyable programmes in the great steel-framed building, the Victoria Radio Club has been compelled to exercise ingenuity of the most remarkable order. So far as is known to any member of the Club, the installation of loud speakers at the Crystal Garden is absolutely unique, the method of providing the music from Denver, Oakland, San Francisco, and a novelty of the first order in the radio world.

Groups of speakers, strategically located, are connected to one trunk line, and require 200 volts energy in their operation. The music comes from a receiver located three miles away from the Crystal Garden, in the Oak Bay home of K. G. Moffat, well known as Victoria's pioneer broadcaster, and one of the most eminent radio experts on the Coast. Through the co-operation of the B.C. Telephone Co., special arrangements of the Oak Bay telephone services released for the use of the Radio Club, a pair of wires, the task being difficult in view of the telephone service being already taxed to the limit.

With a receiver specially built to assure clarity of tone, Mr. Moffat will tune in stations at his Oak Bay home, that location being one of the finest radio districts near Victoria, being free from arc light power lines and remarkable for the small number of radio "howlers" operated nearby.

When the initial tests took place on Tuesday evening, the members of the Radio Club were delighted with the results attained, the exhibition hall being filled with a resounding volume of clear music. The arrangements at the Crystal Garden were made by President Harold Grant and J. Frampton, both pioneers in radio of many years standing. The receiver to be used was specially for the job by Cyril Moore, one of the slender party of Victoria registered amateurs. It comprises one radio frequency stage, regenerative detector and two stages audio frequency.

Credit for the successful innovation belongs exclusively to Mr. Moffat, who worked out all the details as a mental exercise while confined to bed by a serious illness, from which he is slowly recovering.

RECORD-SMASHING SET FEATURE OF SHOW

Col. Clair Foster's Remarkable Low Wave Equipment on View at Radio Exhibition

The Radio Club has the distinction of being able to display, at the Exhibition opening to-day at the Crystal Garden, the first radio transmitting equipment which has succeeded in carrying on daytime communication with Australia, with dry-cell power and an ordinary 201A tube, such as is universally used in receiving sets.

This remarkable, low-wave, low-power equipment, designed and built by Col. Clair Foster of Spout Lake, is now the property of the Dominion Government, having been presented to the Radio Telegraph branch in Victoria by Col. Foster prior to his departure for California last week. The simplicity and small size of the equipment will be the first point to strike the visitor, the whole transmitter taking up no more space than is to be found on an ordinary bread board. The receiver likewise is of wonderful simplicity, the chief point of interest in this being the extreme care taken to avoid losses in the circuits.

The receiver is of the type made popular with amateurs by John Reinartz but adheres to the original design published a year ago. Col. Foster found that the later modifications by Reinartz did not work on low waves of the forty metre band as well as the original design.

HEAVY CONSTRUCTION
The transmitter is the ordinary coupled Hartley circuit, but is made on a laboratory scale, with extreme care to exclude points of loss. The coils and leads are of heavy copper strips, and the location of the condensers as close as possible to the plate-controlled grid is noted by experienced amateurs. Substitution of a variable condenser for the ordinary fixed condenser in the grid circuit will also be noted as an unusual departure in design.

With a duplicate of this equipment Col. Foster has recently been successful in holding daytime communication with Schenectady on the 20-metre band, a feat hitherto believed impossible with a 201A tube. The receiver has also been proven more "sensitive" than was thought having picked up Australian stations with one peanut tube replacing the two 201A tubes ordinarily used.

DAILY SERVICE
In the service of the Dominion Radio-Telegraphs this transmitter is being used in regular communications with Prince Rupert, and reports of reception show that the signals put out are louder than the output of the great Gonzalez transmitters.

GREAT RADIO EXHIBITION AT CRYSTAL GARDEN SHOWS WONDERFUL PROGRESS MADE

Victoria Radio Club Displays Colorful Display of Latest Ideas in Receivers and Accessories; Mayor Pendray to Open Display To-night at 8 o'clock.

The Victoria Radio Club this evening presents to Victoria a Radio Exhibition unexcelled by any similar display on the Pacific Coast, the great banquet hall of the Crystal Garden being filled with a display of the latest creations of the art. Mayor Carl Pendray will officially open the Exhibition at 8 o'clock, when visitors will find the Club has provided a splendidly decorated setting for the various exhibits. The exhibition will close at midnight on Saturday.

Flags, bunting and lighting effects have been combined to create a colorful scene in the banquet hall, and the various radio exhibitors have co-operated with decorated stands to produce a brilliant result. Many of the exhibitors have gone to great expense to secure the latest devices in radio for the show, and some of the advance models of new receivers will be at the exhibition for the first showing on the Pacific Coast.

The great advances in design of the past year, showing the trend towards simplicity of operation and artistic creation as furniture, will be marked by the visitors. Elimination of power troubles will also be notable, many of the exhibitors featuring apparatus enabling operation of radio receivers from the city's power and lighting services.

NIGHTBIRDS SING
To entertain the visitors to the exhibition, "Strokers-Nightbirds" will this evening provide a concert at the exhibition, commencing at 10 o'clock. A large stage has been constructed for entertainment purposes, and the "Strokers-Nightbirds" will be directed from the Crystal Garden. An orchestra of ten instruments form a part of the "Nightbirds" entertaining company, being supported by a group of singers, and humorists who have won recognition from all parts of the Pacific Coast as second to none among radio night clubs.

MANDOLIN ORCHESTRA
On Friday evening, commencing at 8 o'clock, Fletcher Brothers will provide the entertainment feature, their regular concert being broadcast by Station CFCT, by remote controls from the exhibition. A feature of Fletcher Brothers' programme will be "Flowright's" popular mandolin orchestra, which will be supported by a special selection of Victoria's most prominent vocalists.

At times when artists are not providing entertainment, the visitors to the exhibition will be provided with radio concerts from such points as Oakland, San Francisco, Los Angeles and Denver, a battery of loud speakers being placed in commission by the Radio Club for the occasion. The Radio Club has gone to great expense to provide Victoria with an adequate Fall exhibition, and has placed the admission charge at a nominal figure in order that all radio fans, together with the general public not as yet enlisted in the ranks of fandom, may be able to attend and view the great strides the art has made in recent months.

The Victoria Radio Club is the pioneer organization of the kind in Canada, and has done much work in the past year to minimize radio interference. Should there be any profits accruing from the exhibition, it is the intention of the Radio Club to devote the proceeds to continuance of this work and the purchase of special apparatus necessary in tracing sources of trouble.

MANY EXHIBITING
Among the commercial displays at the exhibition will be entries from the following firms: Fletcher Brothers, the Wonderphone Company of Vancouver, Kent's Phonograph Store, Western Canada Radio Supply Limited, Marshall Wells Limited of Vancouver, C. W. Radio Service Limited, Bryant, Weller Auto Supply Limited, Canadian Fairbanks-Morse Limited, Minty & White, Crowther Brothers, the Radio Shop, Sun Electric Company, Belmont Radio Service, E. G. Prior & Company, Hawkins & Hayward, and the Auto Electric Battery Company.

WORTHLESS STUDENT WAS TERM APPLIED TO LEE DE FOREST

Great Inventor Found Few Believers in His Inventions

Many were the ups and downs in the early life of Lee DeForest, the "man who put the grid in the tube," and he was given very little encouragement by his associates in his experiments with the audion. C. S. Thompson, writing in the November Radio Broadcast Magazine, relates the following amusing story of the great inventor: "One night while the student was working in the basement laboratory,

DATE IS SET FOR RADIO CONFERENCE

Fourth Meeting at Washington to Unscramble Air Tangle

Washington, D.C., Oct. 18.—The fourth annual radio conference, has been officially called by Secretary of Commerce Hoover to convene in this city on November 9.

"The conference has been called," says the secretary, "for general discussion and consideration of matters affecting radio communication in the United States from the viewpoint of the public interest. The conference will include representatives of all radio activities. While consideration will be given to radio activities generally, the principal problems will be those affecting broadcasting."

The three previous conferences, without aid of the much delayed legislation which is still delayed, solved many of the problems confronting broadcasting and helped radio's progress to a great extent. It is believed that the fourth conference will do even more in the way of accomplishments than its predecessors.

The first conference, held before individuals or organizations could predict what radio would be like to-day, did all that it could and all that was expected of it. The second conference, the most successful to date, accomplished more than was expected, and as a result, the radio industry prospered, and listeners were able to hear what they wanted when they wanted it, for the whole year following. The third conference, held last Fall, was a failure. The conference met in good faith with a plan of action before them, as was the case in years previous. The biggest part of that plan was to provide an allocation system by which the present (at that time) broadcasters and the future stations would be assigned to wave lengths which would not conflict. The conference did not terminate that business. As a result, throughout the past winter, listeners were compelled to submit to the worst broadcast congestion and interference in the history of radio.

Recently, DeForest, attending a class reunion, was approached by a friend of earlier days.

"Is there still any money to be made in radio?" asked the classmate.

DeForest smiled. "Have you forgotten," he said, "not so many years ago I came to you for the loan of a few hundred dollars, saying there was a fortune to be made in putting the audion on the market?"

"No, Lee," replied the other, ruefully. "I certainly slammed the door on fortune."

Victor Northern Electric

Backed by Two Famous Names

Just think what this means to Radio. To have made it possible to obtain in one Receiving Set the skill and genius of Victor, recognized supreme in the art of musical production, and the experience of Northern Electric, foremost makers of electrical instruments, is indeed a remarkable achievement.

In planning the new Victor-Northern Electric Radio it was realized that to make just another Radio would not be sufficient—it must be a Radio built to those same high standards for which Victor products have always been famed. Victor supremacy demanded that.

8 p.m.—The Artist Students' Club of Pasadena.
9 p.m.—Southern California Music Co.
10 p.m.—Los Angeles Examiner.

DRAMATIC ARTIST

MISS THERESA M. SIEGEL

the dramatic artist who appears in Victoria over this week-end and early next week in Canada's outstanding play-reader and entertainer. Wherever she goes she captivates her audience. In Calgary, which city she now calls home, Miss Siegel fills the largest auditorium whenever she appears. Her strong personality and marvelous ability to portray the various characters makes her an impressive reader. Miss Siegel will appear in Fairfield United Church on Saturday night, in Centennial Church Sunday and Monday nights, and at Esquimalt on Tuesday.

VON ANGELI, AUSTRIAN PORTRAIT PAINTER, DIED

Vienna, Oct. 22.—Austria's most famous portrait painter, Heinrich von Angeli, died yesterday at the age of eighty-five years. Among hundreds of notable portraits of kings, emperors, and nobles of all countries, Von Angeli painted portraits of Queen Victoria and most of the British royalty of her period, as well as Disraeli, Henry Stanley the explorer, and Emperor Francis Joseph several times.

THRESHING DELAYED

Regina, Oct. 22.—Threshing operations, which were resumed in many parts of this province yesterday, have again been held up by rain which commenced yesterday afternoon and last night was general throughout the Southern districts of Saskatchewan.

TO APPEAR IN RECITAL TO-NIGHT

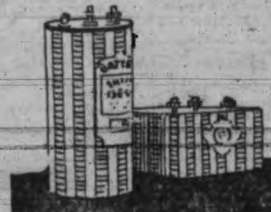

MRS. EVA BAIRD

mezzo soprano, who will be heard in recital to-night for the first time since her return from a year's study in European musical centres. She will be assisted by Miss Una Calvert, pianiste, Mrs. A. J. Gibson, accompanist, and Mr. E. H. Russell, who will explain the settings and give the translation of all French and Italian songs.

AT THE THEATRES

HOUSE PETERS HERE IN ROLE OF "RAFFLES"

Heralded as one of the greatest mystery pictures of recent years, "Raffles," Universal Jewel starring House Peters, is at the Columbia Theatre to-day. The picture is the screen version of one of the most popular mystery stories ever written, a series of short stories, later published in book form, by E. W. Hornung, who created the fascinating character, "Raffles," an amateur cracksmen whose adventures as a cracksmen, while associating with English nobility, was long a puzzle for Scotland Yard.

FINE OUTDOOR DRAMA "THE WHITE DESERT" NOW AT DOMINION

Although it was made under the most perilous conditions, the top of the Metro-Goldwyn-Mayer production directed by Reginald Barker, which is playing at the Dominion Theatre, in reports to be the greatest outdoor drama that has ever been screened.

The terrifying beauty of the great stretches of snow and ice, the top of the Metro-Goldwyn-Mayer production directed by Reginald Barker, which is playing at the Dominion Theatre, in reports to be the greatest outdoor drama that has ever been screened.

MUSIC NIGHT AT DOMINION THEATRE

Director Prescott of the Dominion concert orchestra has arranged a special programme of music to accompany the feature presentation, "The White Desert." Reginald Barker's super production starring Claire Windsor and Pat O'Malley is expected to precipitate a flood of demands on the nation's hair-dressing experts who enter to-morrow's whims.

REAL DAUGHTER OF CALIFORNIA APPEARS IN PLAYHOUSE FILM

Maudie George, to be seen in Maurice Tourneur's "Torment," a First National picture, at the Playhouse Theatre this week, has never been out of California, though she has been on the stage and before the camera for a number of years. Her stage experience, quite extensive, was obtained in stock companies in Los Angeles and San Francisco, and all of her film work has been done in Southern California.

CONSTANCE TALMADGE WEARS LATEST BOB IN CAPITOL PICTURE

Hail the "La Perry bob!" Introducing a bewitching mode in her latest screen triumph, "Her Sister From Paris," showing at the Capitol, Constance Talmadge is expected to precipitate a flood of demands on the nation's hair-dressing experts who enter to-morrow's whims.

The bob that Constance wears in this new picture is her own idea. It is a radical departure from anything in hair styles the vivacious star has ever worn, and it took several sittings with hair-dressers to achieve just the effect Constance wanted.

She christened it the "La Perry bob" because she wears it to the greatest advantage in the role of the dancing charmer, "La Perry," in the new picture.

TRIPLE ATTRACTION DRAWS BIG CROWDS TO COLISEUM THEATRE

It is a matter for speculation whether the offering of Gilbert and Sullivan's "Yeoman of the Guard," the production of the Victoria-made film "Romantic Rowena" or the exceptional fine film featuring Margaret Livingston in the "Chorus Lady" is crowding the Coliseum this week, but the fact remains that with political meetings, dances and social engagements providing counter attractions the Coliseum is crowded every night of the week so far. "The Yeoman of the Guard" gives the clever stock company an opportunity to appear at the best. It has just the bright music, both solos and choruses, on which they have built up their enviable reputation. With such a fine array of singers as Eva Hart, May Powell, Ruth Hamilton, Will Marshall, George Olsen, Frank Alford and George Brydone it can well be realized that this week's offering is listed among the many other Coliseum successes. The Victoria film starring Ellen Allwood who is taking a rest from stage work after six strenuous months at the Coliseum has won much favorable comment. As previously mentioned listed among the short reels it is a

picture that compares favorably with any turned out from the established homes of moving pictures.

CHAPLIN LOSES ONE OF FAMOUS SHOES IN FILMING "GOLD RUSH"

Extra Extra!
Another great tragedy in Movie Land.

Charlie Chaplin will never be able to wear his big shoes again. Though in the vast snow wastes of Alaska, lost and without food, alone, save for that grim companion, hunger, starvation stalking outside his wind-blown cabin—driven to desperation by the pangs of an empty stomach, he—as others in like places have done before—eats his good friend, though that friend has carried him over the road to success, to the top-most peak of fame. But what is one friend to a man hungry—fame does not fill the stomach.

So, Charlie eats one of his famous shoes.

In "The Gold Rush," playing next week at the Dominion Theatre, under a United Artists Corporation release, you actually see Charlie Chaplin boil and eat his monstrous shoe, with a delicacy and relish that is an artistic triumph in pantomime.

The question now arises how will he ever be able to amble through the rest of his comedies minus one of his famous shoes.

LOCAL MUSICIANS TO PREPARE THEMES FOR BLIND ORGANIST

The announcement is made that several well-known local organists and others have been requested to submit some themes for the improvisations to be played therefrom by the famous blind organist, Alfred Hollins, now on tour of Canada and appearing here on Monday, November 2. It will be remembered, the profound sensation caused here by the brilliant organist, Marcel Dupre, on two previous occasions in the tremendous work he "evoked" from some bars of music handed him during his organ recitals. It will thus be an outstanding feature of Mr. Hollins' programme while in this city, and the city's organists and pianists cannot fail to welcome these improvisations from one of England's most famous organists. Next Monday the seat sale for this much anticipated music event will be opened in the morning at Fletcher Bros' Music Store, and special blocks of seats can be reserved for students, music and private schools, etc.

services of a colored maid to completely cover Miss Herbert's body with a coat of light tan from head to foot. Tomdeleyo in "White Cargo" is an alluring primitive vamp whose blood contains a mixture of French and native West African, combining the impulsive character of the Parisienne with the primitive passions of the jungle woman, and as she correctly describes herself, "most white."

Miss Herbert's make-up is an elaborate one to put on and to take off—so, in order to play the primitive, she requires all the modern, up-to-date plumbing systems. However, modern theatres of to-day are equipped with baths and showers. The producer, Earl Carroll, has provided against contingencies by carrying a collapsible bath tub, so that Miss Herbert with the help of her maid, can be boiled white after each performance.

LARGE LIQUOR SUPPLIES DESTROYED BY FIRE

Southampton, Oct. 22.—Wine, spirits, beer and tobacco to the amount of \$1,300,000 were destroyed by fire last night in a dock warehouse here. The fire burned for hours, but was finally extinguished.

Two Drawn Matches Seen In Wednesday Soccer Yesterday

Rennie and Taylor's Win Hard-fought Game From Tilliums

Garrison and Bays Draw 2-All; Kirkham's Held Navy to 1-All Score

Two draws and one victory were chalked up in the Wednesday League soccer games played yesterday afternoon. Very low scores featured all the matches and it looks as though the mid-week league race this season will be exceptionally close.

At Beacon Hill Rennie and Taylor, making their first appearance, secured a well-earned three to two victory over the Tilliums. At Work Point the Hudson's Bay held the Garrison to a two-all draw, while Kirkham's and the Navy battled to one-all score at the Central Park.

With the score standing two-all, two minutes before the final whistle Speak scored the goal which gave Rennie and Taylor a victory over the Tilliums.

The Tilliums missed a fine opportunity to secure the lead four minutes before the end of the match when they failed to score on a penalty kick, Armstrong sending the ball high over the cross-bar.

With the score in their favor in the initial half the bakers took the offensive and the clubmen's back division was called upon to break up several dangerous attacks.

BAKERS START SCORING
McKinnon opened the scoring for Rennie and Taylor when he sent in an easy shot that Thomas, the clubmen's goalie failed to block. The Tilliums carried the ball up the field from the center-end and after some pretty combination play Woods put the teams on even terms.

From one end of the field to other for the next few minutes and on one of their rushes Speak put the bakers in the lead with a well-placed shot from close range.

The Tilliums secured a rather lucky goal just after the start of the second half when Newman, playing fullback for Rennie and Taylor, shot the ball into his own net when attempting to clear. With the score tied play waged hot around both goals.

At this stage the Tilliums were left with only ten men through McKinnon, who had been sent off the field by Referee Alcock, for talking back. With the end of the game drawing near the Tilliums were awarded a penalty shot, Newman heading the ball in the forbidden area. Armstrong, who took the kick, lifted the ball too high and the clubmen lost a fine chance to secure the lead.

THE WINNING GOAL
When the spectators were ready to call it a good draw the bakers lodged a determined attack on the Tilliums' goal and Speak drove the ball into the net with a shot from close quarters.

Alcock refereed and the teams were as follows:
Rennie & Taylor—Lovatt; Newman and Hay; Gilbert, Tupman and Anderson; Jeffrey, McKinnon, Speak, Fish and Davies.

Tilliums—Thomas; McIntyre and Armstrong; H. K. Kennedy and H. Patterson; Holmes, Fletcher, Woods and Tooby.

After being two goals down at half-time the Hudson's Bay came back strong in the second half to even up the count and earn a draw in their match with the Garrison.

Going on the attack from the first sound of the whistle the Tommies bombarded the Bays' goal with shots from all angles but they were unable to beat Shrimpton, the departmental star goalie of play had elapsed when Middleton, the Garrison's centre forward, placed the ball in the net. Ten minutes later Wallace put the soldiers two in the lead. The ball hit the upright and glanced into the opposite corner of the net.

In the second half play was more even but it was not until half way before Webster scored the Bays' opening goal on a shot that hit the crossbar and shot into the goal. The departmental forwards kept the Garrison back division busy clearing the ball. Hansen put the teams on even terms when he beat Bayless with a long drive. Neither team was able to score again before the final whistle.

Oliver refereed and the teams were as follows:
Garrison—Bayless, Watt and Morrison; Mitchell, Brown and Obee; Beahard, Bryson, Middleton, Wallace, Pocock.

Hudson's Bay—Shrimpton; Gardiner and McKay; Mair, Webber and Main; Addie, Woodley, Hansen, Kirchin and Carey.

In a hard-fought match the Navy and Kirkham's battled to a one-all draw at Central Park. The Navy have a strong defence while Kirkham's showed a marked improvement over their last week's appearance. This was the initial appearance of the Navy in the Wednesday League.

Both teams played hard in the first half with the blue-clad having a slight edge. The Navy had several fine opportunities to score but their work around the net was weak and good chances were passed up.

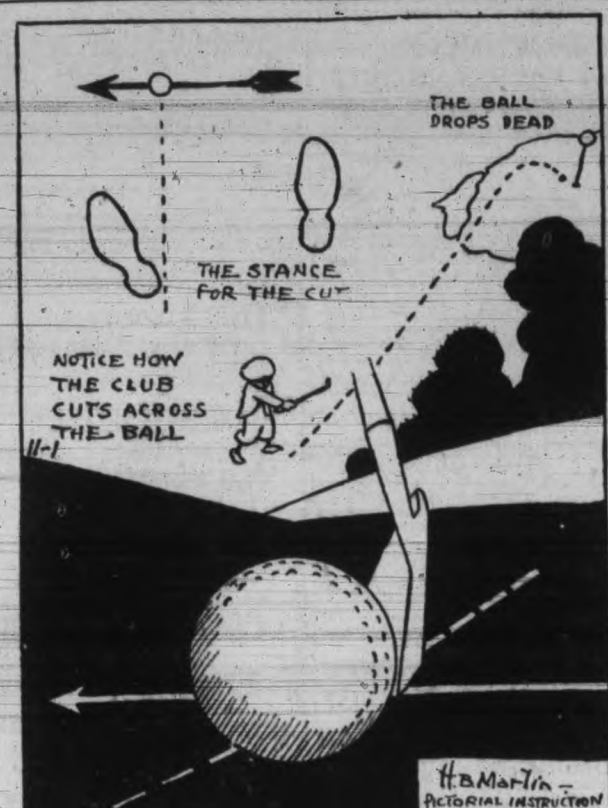

Kirkham's opened the scoring about half way through the second period when Rutter placed the ball in the net after a scrimmage in the Navy's goalmouth. The sailors soon evened up, when Ritchie drove a rebound shot past Wetherell. Both teams tried hard to score in the winning goal but the final whistle blew without further scoring.

The teams were as follows:
Navy—Soutter, Johnson, Quinn,

Pictorial Golf Instruction

By H. B. Martin

Cut Shot a Valuable One

When the ribbed clubs went out golfers were forced to manufacture their own back spin or go without it. The shot that has been almost universally adopted to take its place, and to bring the ball to a stop on the green, is the cut shot. This is made by hitting the ball on the downward stroke and cutting it across from the outside of the line of flight to the inside. When the ball reaches the green it takes a bounce, curls to the right and stops.

If one uses a hooked shot for approach or even the ascending pitch and run there is difficulty in controlling it. The hooked ball is always a better roller than the slice and does not break as quickly. This is because it is much easier to slice than hook. Experts can throw the ball far to the left with this cut shot and make it swerve into the green.

Second Round Of C. & M. Competition Ends at Oak Bay

W. H. McInnes, J. D. Virtue, J. E. Wilson and L. H. Hardie Reach Semi-finals

W. H. McInnes, the medalist, J. D. Virtue, J. E. Wilson and L. H. Hardie remain in the running for the Challoner and Mitchell Cup being played at the Victoria Golf Club.

The second round has just been completed and resulted in the elimination of C. W. Pangman, H. Heisterman, R. H. Swinerton and Stan Haynes.

The Challoner and Mitchell Cup is run on handicap lines and gives every member of the club a chance to win the cup. Three of the men in the semi-finals carry good handicaps. Practically all the regular stars of the clubs failed in the qualifying rounds.

The results of the second round were as follows:
CUP FLIGHT
W. H. McInnes defeated C. W. Pangman 2 up.
J. D. Virtue defeated H. Heisterman 2 up.
J. E. Wilson defeated R. H. Swinerton 1 up.
L. H. Hardie defeated Stan Haynes 5 and 3.

FIRST FLIGHT
H. O. Kirkham defeated Dr. D. M. Baillie 6 and 5.
Hew Patterson defeated Harold Wilson 2 up.
H. P. Bagley defeated Harry Ross 2 and 1.

SECOND FLIGHT
A. E. Haynes defeated Captain Merston 2 and 2.
Nairn Robertson and Harold Johnson to play.
Louis York defeated Judge Lampman 6 and 4.
Harold Haynes defeated R. Baird 6 and 4.

The second men's monthly competition at the Victoria Golf Club will be played on Saturday, October 24. It will be a knockout and will consist of a medal round of eighteen holes and the full handicaps will be allowed. The entrance fee will be fifty cents and two prizes will be awarded. Post entries will be received.

"WILDCAT" GAINS DECISION
Los Angeles, Oct. 22.—Ace Hudson, the "Nebraska wildcat" lightweight, won a decision over Mike Ballerino, junior lightweight champion of the world, in a ten-round fight here last night.

Freshwater, Hall, Whyte, Garrison, Harver, Richs, Glove and Burden. Kirkham's—Wetherell, Johnson, Angus, Hayward, Rutter, Collier, Slydell, Sellers, Jones, Brooks and Watson.

FRED FULTON OUT OF LUCK

Chicago, Oct. 22.—Lady Luck isn't trailing Fred Fulton, once Frederick the Ferocious Minnesota plater. Fulton fought Sergeant Jack Adams in Belvedere, Ill., the other night, and was flattened like a strip of tin-oleum in one round. Before the fight Fulton pulled a diamond ring off his finger and asked a twenty-four-hour acquaintance to hold it until after the contest. The acquaintance did a sneak while Fred was unconscious on the floor of the ring, and has not been seen since. The ring was valued at \$1,500.

POMPEI RETIRES

New York, Oct. 22.—W. R. Coe's crack two-year-old Pompei, who was recognized generally as champion of the juvenile thoroughbred division this year, has been retired for the season. The colt was shipped today to the Himyar stud farm in Kentucky, where he will be carefully prepared for entry in the Derby at Churchill Downs next Spring.

TWIN CITIES GUESSING
Port Arthur, Ont., Oct. 22.—Speculation as to the company in which the Port Arthur hockey team will play this season has been going on and there is still an outside chance that Langlois will be with the National League champions, according to Canadian press dispatches.

CITY CHAMPION IS BEATEN IN SECOND ROUND AT VICTORIA
Mrs. Philbrick Eliminates Mrs. Paterson in Club Championship at Oak Bay

Mrs. Philbrick, Mrs. Ross, Mrs. Parry and Mrs. Godfrey will play in the semi-finals of the ladies' championship of the Victoria Golf Club.

The matches are scheduled to be played to-day, provided the dense fog lifts.

Mrs. Philbrick entered the semi-finals through defeating Mrs. Paterson, the city champion, in the second round yesterday. Mrs. Philbrick was right on her game and won by the comfortable margin of 4 and 3.

Mrs. Godfrey had a hard match in the second round. Mrs. Hutchinson, favored her to the nineteenth hole before yielding.

The finals of the second and third flights are to be decided to-day, while the finals of the championship and first flights are billed for to-morrow.

YESTERDAY'S RESULTS
Yesterday's results were as follows:
First Flight, First Round
Mrs. Philbrick defeated Mrs. Paterson four and three.
Mrs. Harry Ross defeated Mrs. E. D. Todd six and two.
Mrs. Parry defeated Mrs. Armstrong three and two.
Mrs. Godfrey defeated Mrs. Hutchinson at the nineteenth.

First Flight, First Round
Miss Sayward defeated Miss Ruth Jones.
Mrs. King defeated Mrs. Burton three and two.
Mrs. Lambart defeated Mrs. Howell five and three.

Second Flight, Semi-finals
Miss Mara defeated Miss Spencer five and four.
Mrs. Gore defeated Mrs. Rickaby two up.

Third Flight, Semi-finals
Mrs. Thomas defeated Mrs. Bennett at the nineteenth.
Mrs. Johnson defeated Mrs. Hunter four and three.

Three Prairie Clubs To Open Up On Coast

Season Will Not Get Under Way on Prairies Until December 7 or 9, According to Information Given Out by President Richardson; Schedule Will Be Released Within a Few Days; Four Clubs Have Already Given Their Approval

Calgary, Oct. 22.—Hockey in the Western League will open on November 23 at the coastal cities, according to a statement made yesterday by E. L. Richardson, president of the circuit, in referring to the tentative schedule which is now before the club owners for consideration. The draw will be ready for release within the course of the next two or three days, unless there is some serious objection raised and an alteration has to be made.

Fifteen games will constitute the home bill of each club, which is one more than last season. All three prairie teams, Calgary, Edmonton and Saskatoon will open at the Coast, as there will be ice available there long before the natural surface is frozen over on the plains. The hockey opening on the prairies will be around December 7 or 9.

FOUR CLUBS APPROVE
Mr. Richardson just returned from the coast where he collaborated with Frank Patrick on the matter of the schedule, and they work for two days on the plan before producing the draw. The president states that four of the six clubs have already approved of the schedule, which will be published just so soon as the other two members forward their endorsement.

Vancouver, Oct. 22.—The Western Canada Hockey League season will open in Vancouver on November 23, the earliest in the history of the game on the coast, it was announced today by the Vancouver Maroons here on that date.

The full schedule to be released shortly will show Calgary, Edmonton and Saskatoon playing their first games on the coast.

Officials of the club say that, provided they do not get Charlie Langlois, star defence man of the Hamilton Tigers last year, and now with New York, they would in all probability start off the season with Mantha and Bill Coutts in front of Georges Vesina. Mantha showed himself to be a trustworthy player last season, and many a row of applause did he draw from an admiring fan base. Coutts is a man who always keeps himself in the best of shape and has plenty of good hockey left in him. And then there is the new man Leduc to fall back on.

In connection with the talk of Langlois deal, club officers state that they have not yet heard of getting this crack youngster yet.

Tommy Gorman said he would not sell any of his players, but at the same time he stated that he would talk trades. Negotiations are still going on and there is still an outside chance that Langlois will be with the National League champions, according to Canadian press dispatches.

LANDED A KNOCKOUT
Oakland, Oct. 22.—Stewart McLean, of St. Paul, knocked out Mike Seigel, Oakland featherweight, in the seventh round of a scheduled ten-round bout here last night.

Harry LaBarra, St. Paul, won over A. Crist, of Oakland, in a six-round match. They are featherweights.

IRISH GRAPPLER LOSES
Rochester, N.Y., Oct. 22.—"Sensational" Lorraine, champion, successfully defended his title here last night against Pat McGill, Irish grappler. McGill won the first fall in twenty minutes, Lewis coming back to win the next two with his favorite hold, the headlock. Lewis weighed 232 and McGill 218.

RED'S PITCHER DIES
Houston, Texas, Oct. 22.—Marvin Goodwin, thirty-three, pitcher purchased by the Cincinnati National baseball club and last year manager of the Houston, Texas, League team, died yesterday from injuries received in an airplane crash Sunday.

"LITTLE WORLD'S SERIES"
San Francisco, Oct. 22.—The Louisville Baseball Club, champions of the American Association, arrived here today for their nine-game series with the San Francisco Seals, beginning to-morrow.

about make the grade into the Allan Cup finals. Prospects were never brighter than they are at the present time, and every effort will be made to gather a strong aggregation together.

The most feasible league would be a four club circuit comprised of Regina, Moose Jaw, Melville and either Swift Current or Assiniboia. Brandon was not to be considered, said Mr. Hamilton in addressing the meeting. The Wheat City has lost heavily in amateur hockey and would not entertain the idea of going far afield.

Brandon was not to be considered, said Mr. Hamilton in addressing the meeting. The Wheat City has lost heavily in amateur hockey and would not entertain the idea of going far afield."

TO BOOST AMATEUR GAME
Regina, Oct. 22.—Regina will stick to amateur hockey this winter. Tossing out the idea of semi-pro hockey and enthusiastically getting behind the amateur game, Regina fans decided that the old "Vice" could just

Youngster Great Star In His Second Year In Major Leagues

St. Louis, Oct. 22.—One of the sensations of the 1925 major league season—That's Harry Rice, star outfielder of the St. Louis Browns.

In his first campaign as a regular Rice made good with a vengeance. His batting was one of the bright spots of the Siskierites' play and afield he performed like a veteran.

Rice came up during the 1924 season. He came as an infielder and during the flag end of the chase saw a bit of service for the Browns at third base.

This year, however, he was used pretty exclusively in the pastures, working in lieu of the veteran Tobin in right field. After breaking into the garden combination Rice virtually put Tobin on the bench for the remainder of the chase.

Rice can hit. He's only a little fellow, though stockily built, but he sure takes a healthy cut at the old horsehide. He's fast, plays heads-up ball and covers plenty of territory in the out-past area.

An unfortunate injury in a game at Detroit in August rendered Rice unfit for service for the rest of the season. At the time of the accident—a collision with Jacobson—Rice was well up with the batting leaders, boasting a mark around .380. Not bad for one's initial year in the major circuit.

Rice is extremely versatile. For besides being a good infielder and outfielder, he can also do a capable turn behind the bat when occasion arises. In a game at Cleveland a few months ago, Rice was called in from the outfield to catch the final inning. Manager Sisler had used up all his catchers endeavoring to put over a batting rally in the ninth. Said rally went across but when the Browns took their turn in the field they found they were all out of receivers. So Harry Rice was called upon and delivered nicely, though a bit unaccustomed to the position.

LOOKS LIKE FUTURE GREAT
With another year's experience behind him, Rice should take rank with the game's premier stars. That is, of course, if he lives up to the reputation he established this season. And, frankly, he doesn't stack up as any flash in the pan.

He's only a youngster. But he learns fast and is one of the most industrious and hardest-toiling players on the Browns' payroll.

Keep your optics on Harry Rice of the St. Louis Browns, a promising diamond performer, indeed!

Mathewson's Son Made Director of Boston Ball Club

Famous Ball Player Honored in Tribute Paid to Young Matty; Kind Words

Boston, Oct. 22.—The Boston National Baseball Club paid double tribute to its late president, Christy Mathewson, at its annual meeting yesterday. It elected his son, Christopher Junior, as a director and adopted resolutions offered by Mayor James A. Curley, director of the club, which eulogized "Matty" as the incomparable leader and exemplar of the national game.

Young Matty is a sophomore at Bucknell College, of which his father was a graduate. It was announced that all the Braves' players had signed their contracts for next season except Jim Welch, outfielder, and Dick Burris, first baseman.

The resolutions said that Mathewson, by his exceptional intellectual and physical attributes, indomitable perseverance and clean sportsmanship, elevated the game to a higher standard than ever before attained, won the admiration and confidence of an exacting, though generous public and gained for himself an imperishable name in the annals of American sports.

FARREN BEATS SCOTT
San Francisco, Oct. 22.—Frankie Farren, San Francisco lightweight, won a decision in six rounds from Harry Scott of Oakland here last night.

Peter Mayer, San Francisco lightweight, won a technical knockout from Johnny Edwards of Manila in the third round.

YOUNG HUNTER WAS SHOT AND IS DYING
Halifax, Oct. 22.—When his rifle failed to discharge while he was hunting yesterday, Harold Hopkins, sixteen, threw the weapon from him in disgust. When it struck the ground the rifle discharged and the bullet entered young Hopkins' eye, penetrating the brain. He was rushed to a hospital in a dying condition.

High School and College Draw In Hot Rugby Match

Rugby Squads Clash For First Time This Season; Each Scores Two Tries

Victoria College and Victoria High School rugby teams clashed for the first time this season yesterday afternoon, and resulted in a draw. Each side scored six points. In spite of the efforts of the college's bulky back, George Porteous, one of last year's Victoria "Top" stars, the collegians could not overcome their lighter and speedier opponents.

In the first half the High School crossed the yellow and gold line twice, but the tries were not converted. MacMurich scored the second try after a great deal of effort, and at half time High School were well out in front.

COLLEGE TOO HEAVY
But weight told different story in the second half. The College came back with a rush. Hodgson, an old College star, who has played the game for several seasons under the same colors, was a brilliant figure at this time. He scored the Collegians' first try. Campbell followed him with another score, both of which Porteous failed to convert.

The game proved beyond a doubt that weight did not count for everything, and that a well-trained team of light men could hold their own against more ponderous opponents. On both sides, anxiety to crash through a hopeless tangle at the expense of three-quarter play. The wing "three" were not used. Had the High School played this sort of game instead of depending so much upon their "skippers," the score might have been different.

Coast League Soccer Council Will Meet in Nanaimo To-morrow
To-morrow night the Pacific Coast League football council will hold a meeting in Nanaimo at 8 o'clock. W. G. Stone, local member of the council, will attend. There will also be a meeting of the appeals board, which is a special committee appointed by the British Columbia Football Association to handle all appeals in regard to Pacific Coast League games. Messrs. Walker and Lynn are the Victoria members on the board.

The following team has been selected to represent the Veterans at Nanaimo: W. G. Stone, Captain; Bridges, Campbell, Edwards, Thorne, McCormack, Smith, Merfield, Cameron, Jock Clark, Noble Clark and Preston. Reserve, A. Campbell. Trainer, Ord. Manager, Brown. Secretary, D. Gratchy will accompany the team on the trip.

A work-out of the players will be held at the Victoria Victoria club-rooms to-night at 7.30 o'clock.

Special Golf Match Arranged For Ladies of Hunting Cup Fame

Mrs. Hunting, donor of the Hunting Cup, has given a prize to be competed for by all members of the Victoria and Colwood Golf Clubs who played on the Hunting Cup teams during the years 1922, 1923 and 1924.

A two-day "bogey" competition on handicap has been arranged—one round to be played at Oak Bay and one at Colwood.

The two dates set are Thursday, October 22, at Oak Bay, and Thursday, November 12, at Colwood.

Anyone who is qualified to play in this competition and whose name does not appear on the list below is requested to communicate with Mrs. Parry, 2242, or Miss Sayward, 411, A. A. Road, before the 10th of this month, for each day and published in the press of the preceding day.

The ladies eligible are as follows:
Mrs. Abell, Mrs. Armstrong, Mrs. D. I. Gillespie, Mrs. Godfrey, Mrs. Gorman, Mrs. Hutchinson, Mrs. King, Mrs. Mara, Miss Noonan, Mrs. Parry, Mrs. Paterson, Miss Pitts, Mrs. Philbrick, Mrs. Ross, Mrs. Rutherford, Mrs. Ross, Miss Sayward, Miss S. Spencer, Mrs. Wilding, Miss I. Wilson.

WON ON A FOUL
New York, Oct. 22.—Joey Celmairs, who recently held Babe Herman to a new decision in a seven-round fight, won a foul in the second round of a twelve-round match. Celmairs weighed 154, Tucker 134.

Ruby Goldstein, New York featherweight, scored a technical knockout of the veteran Earl Baird of Seattle in the first round of a six-round match.

"HAIR-GROOM" Keeps Hair Combed, Glossy Well-Groomed All Day

"Hair-Groom" is a dignified combing cream which costs only a few cents a jar at any drugstore. Millions use it because it gives that natural gloss and well-groomed effect to the hair—that final touch

to good dress both in business and on social occasions. Even stubborn, unruly or shaggy hair stays combed all day in any style you like. "Hair-Groom" is greaseless; also helps grow thick, heavy, lusty hair. (Adv.)

THE TIME-WORN TOWN

By J. S. Fletcher

Here Tansley proved to be right. The Coroner, in opening the proceedings, made some forcible remarks on their unusual gravity and importance. Here was a case in which the chief magistrate of one of the most ancient boroughs in England had been found dead in his official room under circumstances which clearly seemed to point to murder. Already there were rumors in the town and neighborhood of the darkest and most disgraceful sort, that the Mayor of Hathelborough had been done to death in a peculiarly brutal fashion, by man or men who disagreed with the municipal reforms which he was intent on carrying out. It would be a lasting, an indelible blot on the old town's fair fame, never tarnished before in this way. If this enquiry came to naught, if no definite verdict was given; he earnestly hoped that by the time it concluded there would be in possession of facts which would, so to speak, clear the town, and any political party in the town. He begged them to give the closest attention to all that would be put before them, and to keep open minds until they heard all the available evidence.

"A fairly easy matter in this particular case," muttered Tansley, as the jurymen went out to discharge their distasteful, preliminary task of viewing the body of the murdered man. "I don't suppose there's a single man there who has the ghost of a theory, and I'm doubtful if he'll know much more to-night than he knows now—unless something startling is sprung upon us."

Brent was the first witness called into the box when the court settled down to its business. He formally identified the body of the deceased as that of his cousin, John Wallingford—at the time of his death, Mayor of Hathelborough, and forty-one years of age. He detailed the particulars of his own coming to the town on the evening of the murder, and told how he and Tansley, going upstairs to the mayor's parlor, had found Wallingford lying across his desk, dead. All this every man and woman in the court knew already, but the coroner desired to know more.

"I believe, Mr. Brent," he said, "when the witness had given these particulars, 'I believe that you are the deceased's nearest blood-relative'?"

"I am," replied Brent. "Then you can give us some information which may be of use. Although the mayor had lived in Hathelborough some twelve years or so, he was neither a native of the town, nor of these parts. Now, can you give us some particulars about him—about his family and his life before he came to this borough?"

"Yes," said Brent. "My cousin was the only son—only child, in fact, of the Reverend Septimus Wallingford, who was sometime Vicar of Market Meadow in Berkshire. He died, many years ago; so is his wife. My cousin was educated at Reading Grammar School, and on leaving it he was articled to a firm of solicitors in that town. After qualifying as a solicitor, he remained with that firm for some time. About twelve years ago he came to this place as managing clerk to a Hathelborough firm. His partners eventually retired, and he bought their practice."

SCHOOL DAYS By DWIG

look for more adventures, and he took with him on his journey Nipper and Skipper, Tangle and Jangle, Jingle and Jangle and Jangle and Jangle Bushytail, the two squirrel boys.

Through the forest they went, happy and jolly, and the squirrels stopped now and then to gather nuts, while the rabbits picked soft and tender leaves, or nibbled sweet bark from the trees. At last they came to a brook, which was too wide to jump across, too deep to wade, too swiftly flowing to allow them to swim, and they did not know how they could get on the other side, for there was no bridge to walk over. "I know what we can do!" said Uncle Wiggily. "I will make a little boat and we can sail across the brook to seek adventures on the far side. I shall make a boat of sassafras bark, he went on, seeing a tree of that kind growing near. "Of course a birch bark canoe would be better," said the bunny gentleman, "but sassafras will do very well."

"And when we get hungry we can nibble pieces of the sassafras bark," said Nipper. "But we mustn't eat too much, or the boat will get smaller and we'll all sink," won't we?" asked Jingle. "Yes," answered Uncle Wiggily. "You must not eat too much bark." So he peeled some long strips from the sassafras tree and from them made a canoe, as the Indians did long years ago. Into the boat climbed the rabbit gentleman, the little bunnies and the squirrels. "All aboard!" cried Uncle Wiggily. Just as a steamboat captain might do. He pushed the sassafras bark boat out from shore with a stick. He thought the current would carry it the other side. But, instead, all of a sudden, the boat began going up stream, which it ought not to have done, since it had neither sails nor a motor in it. Oh, something under the water was holding it up!" cried Skipper, looking over the edge of the canoe. "Something is towing us. I can see a queer animal down under the water! Oh, what is it?" "Let me take a look," spoke Uncle Wiggily. And what he saw I shall relate to you to-morrow night—that is, if the slice of bread will act politely and take off its hat to the piece of cake.

BRINGING UP FATHER

BEDTIME STORY

Uncle Wiggily's Sassafras Boat

Copyright, 1925, McClure Newspaper Syndicate (By Howard R. Garis)

Nipper it was—Nipper, one of the little boy rabbits—who found out what it was that caused Uncle Wiggily's chair to move across the room in such a strange way, after the venture with the honey tree. The punny gentleman was sitting in his chair, you remember, about to tell his wife of the adventure with Sniffy, the baby bear, and the stinging bees, when, all of a sudden, the bunny's chair began to move across the room. Yet no one could be seen pulling or pushing it. "What makes you move in that way, Wiggily?" asked his wife. "It's because there's a rope fast to one of the legs of his chair," cried Nipper. "And the rope goes out of the window, and somebody must be pulling on the rope, I guess."

"I think that is right," Uncle Wiggily said as he looked down. "Surely enough, fast to one of the legs of his chair was a skipping rope that belonged to Jingle and Jangle. The rope was a long one, and one end dangled out of the window. 'Who is pulling it?' asked Mrs. Longears. "It's Neddie Stubbail, the strong bear boy," answered Nipper. "Wait!"

"Hold on! Stop!" cried Nipper. "Hold on! Stop! You're pulling daddy's chair," cried Nipper. "Hot Hot! Hal Hal!" laughed Neddie, who was hauling the rope as if he were a mule towing a canal boat. "I wondered why it was so hard to pull this jumping rope. The end was hanging out of the window and Jingle asked me to get it for her. And I did, but I wondered why it pulled so hard."

"Cause it's fast to my daddy's chair—that's why," laughed Nipper. "Well, I'm glad it wasn't one of the bad chaps, trying to pull my chair close to the window, so he could nibble my ears," Uncle Wiggily said with a chuckle. Then he untangled the rope from where it was caught on the leg of his chair, and tossed it out to Neddie, who took it to Jingle and Jangle. Uncle Wiggily finished telling his wife and Nurse Jane about the adventure at the honey tree and then it was time to go to bed. But the next day Uncle Wiggily started out to

S.P.C.A. MONTHLY MEETING

The monthly meeting of the S.P.C.A. was held on Tuesday, Mrs. Henry Crane, president, Inspector Maurice presented an interesting report, which included the following cases attended to: Sheep, one; cats, seven (six destroyed); dogs, four; horses, eleven (two destroyed); cows, two; miscellaneous, two; cases in court, one; convictions, one. Matters dealt with by the committee during the month included improvement in cattle guards, the proposed campaign against the use of blunders on horses, a recommendation for carriers or guards on motors to safeguard the carrying of animals, district organization, the Mexican bear in Beacon Hill Park, slaughter

house-cruelties, desertion of animals, which it is suggested should be dealt with more drastically, rodeo shows, and other questions of importance to human welfare. The secretary pointed out that in Leeds, Eng., the stadium built for the purpose of holding rodeo shows had been torn down without having even been used. This is the second stadium within the year to suffer the same fate, public opinion being so strongly opposed to rodeo shows. The committee has decided to hold a rummage sale on October 31, as its funds are greatly in need of assistance. Persons having articles to give are asked to communicate with Mrs. O. C. Base, phone 2784; Mrs. H. Crane, 7358R; Mrs. Boyer and Mrs. Aubell, 7434L, or other members of the board. It was decided to hold the annual meeting of the society early in November.

Day by day, in every way, I'm growing bigger. It's only in a photograph that you can keep me as I am to-day.

Gillis Murder Hearing Concludes Grilling Day With Fifteen Witnesses

Prosecution's Case About Half Concluded After Six Hours and Half of Evidence; Baker-Sowash Connection Brought Into Evidence Despite Attempt to Keep It Out.

When Mr. Justice Murphy adjourned the murder sitting in the Assize Court at the close of the day yesterday fifteen witnesses had been heard for the Crown and the case for the prosecution was about half concluded. Charles Morris, on trial for the murder of Captain William J. Gillis, had listened to the prosecution's story for six and a half hours in the opening day of the trial when the jury was locked up at 6.15 last night.

New features in the evidence already four times told at preliminary and final hearings in the Baker-Sowash cases, were addressed to points which indicated the prosecution is going to lay full stress on the actual scene in the forward cabin in the Beryl G. Crown witnesses were pressed as to the direction and force of the bullet which the prosecution says pierced the companionway door on the Gillis craft.

This shot, they said, came from a weapon which had in their opinion been fired from the deck and had pierced the door of the forward cabin in downwards, passing out to the water through the hull of the launch, on the starboard side. It was a shot with plenty of power behind it, was the way one witness put it.

Other phases of the evidence were addressed to the Crown's contention that Morris was with Baker during opening negotiations in Seattle, and again at the wind-up, according to the prosecution, liquor taken from the Beryl G. was salvaged from caches in the Gulf Islands and run across the border by speed boat and car.

The prosecution spent some time on what it said was the movements of the accused in Victoria for two days prior to the date of the alleged killing. September 15, Morris said Crown witnesses, had been with Baker, Sowash and Stromkins in this city for about two days before the night of September 15, and in that time had stayed some hours in the home of Mrs. Hazel Peasey, formerly at 1112 Balmoral Road.

MOVEMENTS IN CITY
The Crown traced what it contended were the movements of Morris and Baker from the Peasey house backwards and forwards to the city, on different missions, and finally asserted Morris had driven with Baker to the Royal Victoria Yacht Club premises at Cadboro Bay. This was at 10 p.m. or thereabouts on the night of September 15, and Stromkins' boat the Denman II lay at anchor in the bay, the Crown story asserts.

Great attention was paid to the condition of the forward cabin on the Beryl G. Witnesses told of the confusion and disorder in which it was found. Unwashed plates, lay about, an uncleaned frying pan lay on the galley and human blood was freely splattered about, it was alleged. Some of the blood was not yet dried when the Beryl G. was found abandoned and adrift on the tide off Turn Point.

Experts were called on many phases of the evidence. Dr. W. E. Walker, pathologist at the Jubilee Hospital, classed still stains found on a black engineer's cap said to have been worn by Gillis senior, as human blood.

P. Napier Denison, superintendent of the Meteorological Observatory, was called to show that the night in question was clear, with a bright moon and relatively calm sea. Mr. Denison told of the ideas and will be supported by H. D. Parizeau, Dominion hydrographer, on what would happen to a boat adrift as the Crown says the Beryl G. was adrift at the time and place in question.

HAD TAKEN DRINK
Much of the evidence was a repetition of that given formerly, only certain features of it are receiving greater stress in the proceedings against Morris. One witness, Mrs. Hazel Peasey, said Morris was intoxicated on the evening of September 15, and later amended that under cross examination to say that he had "taken drink."

In the opening of the hearing, A. M. Johnson, K.C., crown counsel, made a determined effort to keep all mention of Baker and Sowash out of the hearing in fairness to the present accused. It was the accused's own counsel, Joseph Oliver, who kept the plan by cross examining all witnesses to such length that one by one they brought out the name of Baker or Sowash. In some cases Mr. Oliver actually proposed these names himself to the Crown's witnesses, where they had been careful to refrain from mentioning them, or where Mr. Johnson had stopped them repeatedly from so doing.

Morris slumped further into his seat in the dock at each fresh mention of the convicted men, and twice called on his counsel to desist in cross examination of certain witnesses.

From Elmer F. Anderson the jury heard the story of the last supper on board the Beryl G. This was cooked by the eighteen-year-old son of Captain Gillis, said witnesses, and consisted of coffee and potatoes, the latter warmed over in a frying pan. At 5.15 p.m. the Gillises, Anderson, and Albert Hodge sat down to the meal, it was said, and the two last named transhipped 110 cases from the

Conservative Leader Was Heard in Town of St. Marys, Ontario

Stratford, Ont., Oct. 22.—In the course of his campaign in the two Perth ridings yesterday, Rt. Hon. Arthur Meighen, Federal Conservative leader, visited his old home town of St. Marys, and later the city of Stratford, where he addressed a mass meeting at which he urged "protection that will profit alike for the factory and the farm."

Taking the steel industry, Mr. Meighen quoted official returns in an effort to prove his contention that Canada's trade in many things had fallen off tremendously and that the workmen by the hundreds of thousands were following the machinery to the United States.

RAILWAY AFFAIRS
He also spoke of the National Railways. He denied he had ever worked for amalgamation of the C.N.R. and C.P.R.

Operation and management was the work of the Canadian National Railway board, outside the jurisdiction of a government, he said.

"That sphere no government will ever invade," he said. "The Conservatives will never refuse capital for legitimate expansion and construction work on the National Railways but will not find it for luxuries and the luxuries in competition with other roads."

NEW TELEPHONE LINKS FOR ALBERTA PEOPLE
Edmonton, Oct. 22.—Inaugurating a direct telephone service that will link Alberta, with many points in Canada and with every state in the American Union, Lieut. Governor Brett, in the office of Hon. V. W. Smith, Minister of Railways and Telephones, to-day engaged in telephone conversation with the Secretaries of the States of Montana, Colorado and Arizona in their capitals, Helena, Denver and Phoenix.

Frederic Greenfield and other Government officials were present during the test, which was originally planned also included connections with Ottawa and Vancouver. Owing to a short circuit six miles south of Wetaskiwin, caused when a hay wire became entangled with the telephone lines, these latter calls had to be postponed.

HANNAY GETS PRESENT FROM CONVICTED MAN

Released After Robbery Charge, He Starts on Fishing Expedition

When George Hannay, recently acquitted here on a robbery charge, was packing his suitcase at the city police station yesterday, preparatory to a little fishing holiday up the island, Harold Richardson, convicted of securing goods in three local stores under false pretences, was just making ready to take the boat for Vancouver, bound for Oakalla. Richardson had a safety razor in his suitcase, and turning to police officers in the charge office at the time, he asked who wanted it.

"I never use it," he said. "It will be no good to me."

"I'll take it," said Hannay. He pocketed the razor, and Richardson was through packing he turned to the convicted man, and with outstretched hand came towards him. Richardson grasped the proffered palm.

"So long, George," he said. "Good luck, Rich," said Hannay, and went out to catch fish. Richardson went over a different road.

Whaling Operator Here For Winter

This last has been somewhat of a slow season for whalers on the West Coast, according to J. E. Gilmore of Kyuquot, who has arrived here to spend the winter. He is in charge of the whaling operations along the West Coast.

Mrs. Gilmore has come down with him. They will occupy an apartment for the winter. At present they are at the Dominion Hotel.

Mr. Gilmore is an old-time politician, and he said that he had just got down in time to be with some of the politicians while they are in action in the present campaign.

Coal Briquette Tests Succeed

Tests on briquetting the slack and low-grade coal from the island mines which have been carried on here during the last three days have been successful, according to G. E. Sheridan and H. O. Swarg, who are at the Dominion Hotel working on the new Sheehan-Gillen process.

By a binding agent the coal slack is formed into small balls and the coal is rendered practically sootless and also cokes.

PHYSICIAN IN ONTARIO KILLED WHILE HUNTING

Lion's Head, Ont., Oct. 22.—Dr. Arthur Brown, aged thirty-eight, of Lion's Head, was found on the road yesterday by a neighbor in a dying condition from a bullet wound in the chest, from which he died five minutes later. A revolver was found close to Dr. Brown.

Dr. Hough of Warton, county coroner, decided on investigation that Dr. Brown had met his death through accidental discharge of his revolver while shooting small game.

VOTE IS AGAINST ARTICLES OF RELIGION

New Orleans, La., Oct. 22.—The Thirty-nine Articles of Religion yesterday were voted stricken from the Book of Common Prayer by the House of Deputies of the general convention of the Protestant Episcopal Church of the United States. The vote was overwhelmingly in favor of deletion. Ratification of this action must be given by the House of Bishops.

Following the lead of the House of Deputies, the House of Bishops adopted the church's budget and programme for the next three years. The sum to be raised by quota is \$2,510,000 each year.

SAYS NEITHER OF OLD PARTIES WILL HELP WORKING MAN

Liberal and Conservatives Offer Masses Nothing, As-sets Socialist Candidate

W. T. Grieves, Socialist candidate in the Federal riding of Nanaimo, opened his campaign in the south part of Vancouver Island at Tillikum School, Saanich, last night before seven people with the declaration that neither the Liberal nor the Conservative Party had ever done anything for the working men and never would.

Mr. Grieves made it plain that he had no use for the tariff and freight policies of either of the major parties. Freight rate equalization, he said, would bring about another reduction in wages among working men while the tariff, after all, was only an instrument used by the moneyed interests for their welfare. The tariff, he said, was of no importance to the working people and would not alter their condition. Until the people altered the basis of their social organization, he declared, conditions surrounding the masses would grow steadily worse. He charged the Government with violating laws governing coal mines in the Nanaimo district.

James T. Stott of Oak Bay reviewed the growth of parliamentary institutions and described the advantages of Socialism. He appealed to the electors to study Socialism.

Samp Guthrie, formerly Socialist Member of the Legislature for New Westminster, charged the Provincial Government with gerrymandering the electoral districts of Vancouver Island so as to insure his defeat. He denied the charge of T. R. Booth, Liberal candidate in Nanaimo, that he was the tool of the Conservative Party in the present Federal election.

Russian Conference in Paris, But Polish Russians Absent

Warsaw, Poland, Oct. 22.—Democratic groups representing the majority of Russians in Poland who are endeavoring to emigrate to the United States have decided not to participate in the conference of refugees to be held in Paris in November with the purpose of formulating plans for the overthrow of the Russian Soviet Government. The official refugee committee here, however, has authorized its chairman to attend the Paris conference.

It was announced recently in Paris that the conference would be especially concerned with the elevation of Nicholas Romanoff, formerly a future political considerations.

Ships that sail in a sea of cream

Children love these floating fairy grains at breakfast time

THEY are fairy ships, these tasty grains gathered in silver spoons by laughing children. Each one bears a cargo of health and happiness.

Don't coax children into eating foods they do not like. Make meal time play time. Breakfast becomes a great game when Puffed Wheat is served. The children revel and play as they eat.

There is a delightful nut-like flavour to these wheat and rice grains puffed to eight times their normal size. Being the whole grains, they contain all the elements which make bone and brawn. Served with milk or cream, valuable vitamins are added, making a dish complete in nourishment and full of flavour.

There are many ways in which these delightful cereals may be served. Keep both on hand, for pleasant variety.

For Home Made Candy

Wherever the recipe calls for nuts, use Puffed Wheat or Puffed Rice in making candy. They are convenient to use and you will like their flavour and crispness.

No Need to Tolerate Gray Hair any Longer

You Can Restore the Former Shade with Kolor-Bak

The clean, colorless liquid, known as Kolor-Bak, has enabled thousands of men and women to take years from their appearance by restoring the original shade to their gray hair.

The following is a letter typical of many written in praise of this remarkable preparation.

"Only a short time ago my hair was quite gray and becoming grayer. It was falling out. My scalp itched and dandruff appeared."

"Only a few applications of Kolor-Bak stopped the itching and dandruff. My hair soon stopped coming out. Most wonderful of all, however, is that my hair is again its original shade. I look ten years younger. No wonder I'm so thankful for Kolor-Bak."

Authorities state that hair turns gray when for any reason it fails to receive the proper amount of coloring matter from the cells in the scalp. No matter what the cause of the grayness, it is amazing to see how quickly Kolor-Bak brings back the former shade. It is the best known substitute for the natural pigmentation.

Kolor-Bak is not sticky, greasy, messy or unpleasant to use. It is just a clean, colorless liquid containing ingredients known to be beneficial to hair and scalp—as easy to use as water. Results often appear in a week.

It not only restores the former shade to the hair; it banishes dandruff, prevents itching of the scalp and stops falling of the hair.

No samples of your hair required—no tests necessary—as this one clean, colorless liquid is effective on any gray hair. Money back instantly if desired results do not appear.
